

TRANSCRIPT FOR

Sailor Moon - Episode 10: *"Fight to the Finish"*

(Jedite's numerous failures have put him in the hot seat!)

Queen Beryl "Jedite, we are pleased with the energy you have collected from the people of Earth...but you have also made several mistakes. And you have not yet been able to defeat the three Sailor Scouts: Sailor Moon, Sailor Mercury, and Sailor Mars. This disturbs me, Jedite."

Jedite "Let me explain, Queen Beryl."

(She's not in the mood for explanations.)

Queen Beryl "This is your last chance, Jedite!"

(Jedite growls.)

Queen Beryl "Sailor Moon and her two little friends must be destroyed finally and forever. If you fail...the punishment is Eternal Sleep."

(Queen Beryl's servants gasp. Eternal Sleep is one of the worst fates a Negaverse warrior can suffer!)

Queen Beryl "I wish you success, Jedite, for the punishment of Eternal Sleep condemns you for the most profound darkness...FOREVER!"

(That evening, in her room, Serena looks at the stars, trying to find constellations like people she knows.)

Serena "I love looking up at the constellations. Oh, look. The swan. Andrew at the arcade. And there, Tuxedo Mask. Oh, this is so intense."

(She has a long-standing infatuation with the mysterious hero Tuxedo Mask, but she also has a crush on the young worker at the video arcade...)

Serena "I'm in love with two guys at the same time. Luna, this is...incredibly serious."

(Luna doesn't think so. But then, she's a talking cat. She yawns in boredom.)

Luna "This is making me seriously sleepy, Serena. Don't you have anything better to do with your time?"

Serena "If only...they were the same person. If Andrew WAS Tuxedo Mask..."

(For the last few episodes, we've gotten good looks at Tuxedo Mask. Can you think of anyone who might match his description?)

Serena "Yeah. That'd be cool."

(Just then, an evil laugh echoes through the night sky. Serena is frightened. Luna senses evil, and stands defensively.)

Serena "Oh...Who...? What is that?"

(...and in that sky appears...Jedite! He makes a demand.)

Jedite "I have come to challenge you to a duel, Sailor Moon, Sailor Mercury, and Sailor Mars!"

Serena "Ooohhh..."

Jedite "Meet me at the main runway at the airport. One o'clock...TOMORROW NIGHT. Otherwise..."

(He blows a fireball, and the whole city's on fire! This is EXTREMELY serious!)

Serena "AAAH!"

Luna "STOP IT, YOU MONSTER!"

(He snaps his fingers. In a second, all is normal again.)

Jedite "Ha! That's only an illusion, but if you don't show up, I'll burn this city to ashes! This time FOR REAL!"

(He vanishes, but Serena and Luna are still frightened. Jedite has laid down an ultimatum!)

(Later that night, Serena, Amy, and Raye meet at the temple to discuss this challenge by Jedite.)

Luna "Count on it. Jedite will burn the city just as promised. You must stop him, Sailor Scouts!"

Raye "That's right. We have to answer to Jedite's evil challenge."

Amy "No! It's a trap! It's too dangerous!"

Serena "Hmm..."

Raye "Doesn't matter. We have no choice."

(Serena has a difficult choice to make. Both Raye and Amy have excellent points. The challenge must be answered for the sake of the city, but what about themselves?)

Luna "What do you think, Serena?"

Raye "We fight him. Right, Serena?"

Amy "Not without a good plan. He will beat us for sure!"

Serena "Ah ha ha ha. Me? Fight Jedite? Are you kidding? Me? Cute little Serena? No way."

(Oh dear.)

(Next morning, the whole city's in a clamor about the appearance of that strange man in the night sky. Television sends the word all over, from Serena's house...)

News Reporter "Authorities still believe the mysterious image which appeared in the sky last night to be some sort of hoax, though they have no leads as to who's behind it."

(...to Crossroads Junior High.)

News Reporter "But the police are taking the threat seriously. Spokesmen for the department announced today that special assault teams will be stationed throughout the airport tonight."

(It seems that thrill-seekers are talking about watching the fight tonight.)

Luna "Oh no. We can't let those kids go out to the airport. They're going to get caught in the fight."

Serena "Uh oh. You're right. All the more reason we shouldn't go out there, Luna."

Luna "Uh, Serena..."

Serena "Just kidding."

(Luna jumps away. Serena's friends show up.)

Loraine "It must have been like a hologram."

Melvin "No way, guys. It's aliens from outer space. I know it. They're gonna wipe out the human race for polluting our beautiful planet Earth."

Molly "Melvin, it's obvious you have been watching way too much science fiction. Get a life!"

Loraine "Come on, guys. About tonight, it sounds like fun. Why don't we all go out to the airport together?"

Serena "Uh, I wouldn't do that."

Miss Haruna "What are you silly kids planning? This is serious. You could get hurt out there. You shouldn't be anywhere near the airport."

Serena "That's right. You guys should listen to what Haruna says."

(Since when has Serena ever agreed with the teacher? Try never.)

Molly "Serena..."

Serena "It's very dangerous."

Loraine "You've gotta be joking."

Serena "But it is."

Melvin "Do you know something, Serena?"

Serena "No, of course not! Why should I know anything? Anyway, if you all have so much free time, you should stay at home and study."

(Serena has never suggested studying in her life. She never does it herself, anyway.)

Miss Haruna "Serena, are you all right? Do you have a fever?"

(Miss Haruna checks.)

Miss Haruna "No...seems all right. Do you want to see the school nurse? I have never heard you be so serious."

Serena "I can be just as serious as anyone else. I need respect, too. It's just not fair!"

(Well, that's better. She's crying again.)

(Later, at the Crown Arcade. . .)

Andrew "HA HA HA HA."

Serena "They were really mean."

Andrew "Maybe, but I can't help agreeing with them."

Serena "Huh?"

Andrew "Sure, Serena. You're a really fun, happy person. When you gotta be serious, you're like...not really yourself. I like you a lot better when you're...being natural."

Serena "For real?"

(Serena is overjoyed! She jumps in the air...)

Serena "YAHOO!"

(...and starts skipping down the street, singing...)

Serena ♪He loves me...Andrew loves me...♪

(...until one of her high steps launches her shoe into the air.)

Darien "OW!"

(Serena hurries over. The shoe had hit Darien.)

Serena "Oh...I-I'm sorry."

Darien "Why can't you keep your stupid shoes on your stupid feet, Meatball Head?"

Serena "Why do you have to be where my shoe lands?"

Darien "Serena, you are a real bonehead. You've gotta get it together. Why can't you be more serious like other girls?"

Serena "No way. I have to be natural. There's this guy who's in love with me, but only when I'm really myself."

Darien "Oh, really? Sounds like he's a real winner."

Serena "I'll bet anything he's way smarter than you'll ever be!"

Darien "I don't know. Can't be too bright if he's in love with YOU, or maybe he's just really dorky."

Serena "Oh, I don't care what you say about me, but to talk like that about HIM?"

(Serena starts crying again. Darien doesn't want to make a scene. Holding out her shoe...)

Darien "Uh...I'd better leave, uh. Don't cry, uh...here's your shoe. I'm sorry. Uh, bye, Serena."

(He makes tracks.)

(That evening, at the airport, policemen are swarming all over the terminal, but that's not a problem for Jedite.)

Jedite "We can dispense with the police presence. Take a nap. Come on, Sailor Scouts."

(He sends a sleep spell throughout the terminal. Within seconds, all the policemen are in Dreamland.)

Jedite "Ha ha ha ha."
"I am so ready."

(Meanwhile, at a train station...)

Raye "Run, Serena."

Serena "So I fell asleep. It's way past my bedtime."

(Except for a single train, the station is empty.)

Serena "Oh no. I think we missed the last train."

Raye "Can we afford a taxi?"

(Just then, the doors of the train open. It seems that they're expected.)

Amy "Oh..."

Serena "What?"

Luna "What's going on?"

Raye "Jedite sent us a private car, so let's take it."

(Simultaneously...)

Serena "Wait!"

Amy "Be careful!"

(The three girls and Luna get aboard. Once inside, the door closes and the train starts to move.)

Amy "THE DOOR! IT'S..."

(The train quietly makes its way to the airport.)

Luna "Amy was right. Jedite is leading us into a trap."

(Minutes later, they get off at the airport's station. They take a peek around a corner.)

Serena "Wow, there sure are a lot of policemen."

Raye "I guess nothing's happened yet."

Amy "Something's weird about this."

(It IS weird, considering Jedite put the real policemen to sleep some time ago, which means...)

Raye "Watch out!"

(Raye's psychic sense had detected it. Fake policemen are closing in on the girls. Only a well-planted kick by Raye provides an escape.)

Serena "What's going on?!"

Raye "Stop yelling and run!"

Serena "What are they doing?! They're policemen, but aren't the police supposed to be protecting us?! I thought they were supposed to be on our side!"

----- **Commercial Break** -----

(The chase continues into the runway. After several minutes of running, Amy has had enough.)

Amy "OH! THIS IS NUTS!"

(Holding up her Mercury Power Stick...)

Amy "**MERCURY POWER!**"

(...Amy transforms into Sailor Mercury.)

Raye "Good thinking, Mercury!"

(Raye takes her Mars Power Stick...)

Raye "**MARS POWER!**"

(...and becomes Sailor Mars. Now only Serena is yet to transform.)

Serena "Uh...uh, gee...I-I-I guess I have to do something, too. **MOON PRISM POWER!**"

(Serena summons the power of her Moon Prism and transforms into Sailor Moon, the Champion of Justice.)

(With everything set, Sailor Mercury activates her VR visor and checks on these "policemen" with her Mercury Computer. It turns out...)

Sailor Mercury "Hey! These guys aren't even human! They're made out of mud!"

Sailor Mars "I'll take care of them; melt their hearts. **MARS FIRE IGNITE!**"

(Sailor Mars summons her Mars Fire and burns the evil policemen.)

Sailor Mars "That's that."

Luna "They weren't even real."

Sailor Moon "Ha ha ha ha. Sailor Mars, you're fantastic."

Sailor Mars "Sure am."

(But the policemen are about to become the least of their concerns. Guess who else is here?)

Jedite "Ha ha ha ha ha. Sailor Moon, Sailor Mercury, Sailor Mars...now I've got you where I want you."

Luna "Oh dear."

Sailor Moon "There's no place to hide."

Jedite "It's a shame you're all so young. You've hardly time to enjoy your life, and now, it will be over."

Sailor Moon "No way. Someone as young and pretty as this has to live a long life. She owes it to the world!"

Sailor Mars "Who are you talking about, Sailor Moon?"

Sailor Moon "Me, of course. I'm easily the prettiest of the three."

Sailor Mars "Ah, and what's your best feature?"

Sailor Moon "My face. Just check out this beautiful nose."

Sailor Mars "Ah ha ha ha. I've seen gorillas at the zoo that are prettier than you are."

Sailor Moon "Oh, how dare you!"

Sailor Mercury "Get a grip, you two. Remember what's happening."

(They had drifted from the subject a little.)

Sailor Moon "Oh yeah. You're right."

Sailor Mercury "If we're going to beat Jedite, we've got to really stick together. All right?"

Jedite "Enough chitchat, girls. It's time for battle."

(Jedite calls on his evil magic. One of the airplanes begins to move. It turns...and begins to head toward the Sailor Scouts!)

Sailor Moon "Ah, ah, aaah! Oh no! What do we do?"

Luna "Run for it!"

(They do just that. It seems like déjà vu, except that the pursuer this time is a several-hundred-foot-long passenger jet! Just when things could get worse, they do. Another plane begins to home in on them.)

Sailor Moon "Here comes another one! Get me outta here!"

Sailor Mars "Maybe I'll use my fire power!"

Luna "Don't do it! If you blow up a jet, it will take your allowance for the next ten thousand years to pay it back!"

Sailor Moon "Yeah?"

Sailor Mars "Too expensive."

Sailor Mercury "Then there's only one way."

Moon & Mars "How?"

Sailor Mercury "RUN FOR YOUR LIVES!"

(As the chase goes on...)

Sailor Moon "How totally...embarrassing. How will...I ever explain...to my friends...why I have tire tracks down my back?!"

(Something looms ahead: the ocean!)

Sailor Moon "We're running out of runway!"

Mercury & Mars "OH!"

(Trapped!)

Luna "Oh, what a disaster."

Jedite "Ha ha ha ha ha. Too bad, Sailors."

(Just then, something whizzes in front of Jedite's face.)

Jedite "Huh?"

(The planes slow down and stop.)

Sailor Scouts "The airplanes. They've stopped."

(A rose has planted itself into the runway.)

Tuxedo Mask "Still picking on young girls?"

(Jedite turns around.)

Jedite "How nice to see you, Tuxedo Mask. You can share the same fate they're going to suffer."

Tuxedo Mask "You use your magic powers only for evil, Jedite. Big mistake."

(The Sailor Scouts spot the mysterious man, and go to pieces.)

Sailor Scouts "Tuxedo Mask!"

(The showdown begins. Jedite tries an attack spell, but Tuxedo Mask takes to the air and evades the attack. Jedite jumps after him. In midair, over the ocean, they go hand-to-hand.)

Sailor Moon "Tuxedo Mask. No!"

(The other two are worried as well. Soon, they come down...in the ocean! The Sailor Scouts quickly rush to the edge, awaiting the outcome.)

Sailor Scouts "Oh..."

(Moments later, a rose arises from the depths.)

Sailor Scouts "Tuxedo..."

(Soon, Jedite arises from the water. It seems only too clear.)

Jedite "HA HA HA HA!"

Sailor Mars "Tuxedo Mask. Is he...?"

Sailor Moon "Jedite, what have you done to him?!"

Jedite "HA HA HA HA HA! That's all that's left of him: that stupid rose! Tuxedo Mask didn't have a chance against me, and now, it's your turn. Do you really think you can defeat me? HA HA HA HA HA!"

Sailor Mars "We CAN defeat you, Jedite, and every monster you send against us from the Negaverse."

Sailor Mercury "That's right! Together, we fight for love and justice, and, together, we will triumph!"

Sailor Moon "United, we're invincible!"

Sailor Scouts "DOWN WITH JEDITE AND THE NEGAVERSE!"

Jedite "So much pretty speechmaking. BEHOLD MY POWER!"

(He starts the jets up again.)

Sailor Scouts "Oh..."

Sailor Mars "Come on! This way!"

(They start running again.)

Luna "Don't be fooled by that jet. Our enemy is the one who is MOVING the jet."

(That makes the Sailor Scouts think...and it gives them an idea!)

Sailor Mercury "Hold on! Luna is right!"

Sailor Mars "We have to work together."

Sailor Moon "It's Jedite we must defeat!"

Sailor Mars "Right."

(Sailor Mars turns to Sailor Moon.)

Sailor Mars "You divert the jet; make it follow you."

Sailor Moon "Huh? Wait! Why me?"

(The reason soon becomes clear, or should I say...foggy.)

Sailor Mercury "**MERCURY BUBBLES BLAST!**"

(The fog from the Mercury Bubbles surrounds the Sailor Scouts, offering Sailor Moon a chance to run, and run she does!)

Sailor Moon "Ah! It's...not fair. Why is it always me running for my life?!"

----- **Commercial Break** -----

(She encourages some more action.)

Sailor Moon "Come on, guys!"

(The jet is closing in.)

Sailor Moon "Aah! I can't keep this up forever."

(Meanwhile, Jedite is trying to deal with the fog. It's blocking his vision.)

Jedite "Huh? This fog...I can't see a thing."

Sailor Mercury "Over here, Jedite!"

(Behind Jedite is Sailor Mercury.)

Jedite "Easy pickings."

(He summons another plane, forcing Sailor Mercury to run as well. As Jedite laughs at her scramble for life, Sailor Mars sneaks up behind her and pulls out one of her mystic spells.)

Sailor Mars "I call the power of Mars. **FIREBALLS CHARGE!**"

(Now full of fire energy, she plants it on Jedite's back. The spell against evil in place...)

Jedite "What was that?! What's happening?"

(...the planes he once controlled now turn on him!)

Jedite "Why are they coming after me?!"

(Then he notices something.)

Jedite "Huh?!"

(The Sailor Scouts are in front of him.)

Sailor Moon "You underestimated us, Jedite. Together, the three of us are stronger than all of your evil."

Jedite "Tell me! Tell me how you did this to me!"

Sailor Mars "Because all your thoughts are wicked."

Sailor Mercury "That's right, Jedite! You're caught in your own trap, just as you deserve!"

Sailor Moon "You have been working only for evil. I shall punish you on behalf of the Moon!"

(She takes off her Moon Tiara. It transforms into a weapon, ready for flight.)

Sailor Moon "**MOON TIARA MAGIC!**"

(Sailor Moon launches the Moon Tiara. Jedite dodges the throw, but finds himself in trouble anyway.)

Jedite "Huh?"

(The planes have closed in! Now they're going to...)

Jedite "AAAAAH!"

(Jedite reappears in Queen Beryl's castle, bruised and battered. Rather mild damage, considering that he had

just been run over by a passenger jet!)

Jedite "Queen Beryl, I have important information for you."

(Queen Beryl, however, knows what happened, and has just one more thing for him.)

Queen Beryl "You have failed to defeat the Sailor Scouts, Jedite."

Jedite "But Queen Beryl, I have learned the identities of the Sailor Scouts. I know who they are."

Queen Beryl "I will hear no excuses! SLEEP FOREVER!"

Jedite "Queen Beryl! Wait! NO! AAAAAH...!"

(Queen Beryl places Jedite in Eternal Sleep by ensorcelling him in a crystal! The other followers gasp at this display of power without mercy.)

Queen Beryl "Let Jedite's fate be a warning to all of you!"

(She transports the ensorcelled Jedite away.)

Queen Beryl "You, Nephelite, are my new commander!"

(Nephelite appears.)

Nephelite "Jedite was a fool. You can depend on me, my queen. Ha ha ha ha!"

(At the airport runway...)

Sailor Moon "Tuxedo Mask. I can't believe he's gone."

(The Sailor Scouts are in tears. He was such a mysterious hero, and now...)

Luna "But he is, I'm afraid. You must learn to fight without him."

Sailor Moon "Never. Never."

Tuxedo Mask "I'm glad you were worried about me."

(They turn around.)

Sailor Scouts "Oh!"

(It's Tuxedo Mask. He's alive!)

Sailor Moon "Tuxedo Mask! Jedite said he'd destroyed you!"

Tuxedo Mask "I'm not so easy to get rid of."

Sailor Mercury "Tell me, Tuxedo Mask. Why do you always show up just at the right time to save us?"

Sailor Moon "I know why. It must be because you're in love with me."

Sailor Mars "Oh..."

Sailor Mercury "Huh?"

(Oh, really...)

Sailor Mars “Who are you, Tuxedo Mask?”

Tuxedo Mask “For now, that must remain a secret. Sailor Moon! Sailor Mars! Sailor Mercury! Be loyal and true friends to each other. Farewell!”

(And with that, he takes off into the night.)
