Sailor Moon - Episode 19: *"Molly's Folly"*

(At a swimming pool, Molly sits at the edge, daydreaming. She can't get Maxfield Stanton out of her mind. That is, until Serena splashes her.)

Molly "Oh..."

Serena "Gotha. Gotcha. Gotcha."

Molly "Get a life, Serena."

Serena "Hey, I've got a great one."

(Then Serena realizes that it isn't a joke.)

Serena "Wait a second. What do you mean?"

Molly "I can't explain, but maybe..."

(She sighs.)

Molly "Maybe it's because I've fallen in love."

Serena "This is like your crush on Joey Lawrence, Molly."

Molly "He's an older man. He's handsome, kind..."

Serena "Oh, it better not be Tuxedo Mask or that cutey Andrew at the arcade because I've already got dibs on both of them."

Molly "Don't worry. It's not them. He's way cooler."

Serena "Who is it?"

Molly "I mentioned that he was an older man. It's Maxfield Stanton."

(Maxfield Stanton?! But isn't that Nephelita's alternate identity?)

Serena "AAAAAAH!"

Molly "Serena, what in the world are you getting so wiggled out about? I know he's a lot older than I am, but when you're in love, nothing else matters."

(The guy being from the Negaverse DOES matter...big time!)

Serena "Molly, listen. Stay away from that guy. Just...forget him."

Molly "Serena, you're just jealous! Hmph."

(She leaves.)

(Serena talks with Luna about the situation. Molly is in for big trouble if they don't do something quickly! Hearing

the story, Luna calls Amy and Raye to hear.)

Luna "So, we've got a problem."

Serena "Major problem."

Raye "We gotta tell Molly who Maxfield Stanton really is, even though it's gonna hurt her."

Amy "Maybe we should just wait and see what happens."

Serena "Well, she's my friend, so I-I think it should be left up to me how to handle the situation."

(Pounding her chest, she ends up coughing.)

Luna "Oh...too bad we have to leave anything up to Serena."

(Queen Beryl's castle. She's been trying to summon Nephrite, but he hasn't answered yet.)

Queen Beryl "Where is that wastrel Nephrite?! I've been calling him for hours and hours, but he ignores my summons!"

(She's getting awfully ticked off, and her servants know it.)

Queen Beryl "Nephrite will soon experience my displeasure."

(Zoisite looks in on the commotion. It looks like good news for her.)

Zoisite "Ha ha ha ha. Nephrite is devising his own destruction. What a pity. Ha ha ha ha."

(Nephrite's been busy. He's standing in his planning room, thinking of a way to obtain the Imperium Silver Crystal.)

Nephrite "I am losing patience with this search for the Silver Moon Crystal."

Zoisite "Ah ha ha ha ha."

(He recognizes the laugh.)

Nephrite "You again. What do you want?"

Zoisite "Oh, just to offer you a bit of good advice. Queen Beryl is beginning to get very angry with you, my good friend."

Nephrite "I have never been your good friend, nor you mine."

(Zoisite has a knack for sarcasm, especially with Nephrite.)

Zoisite "I'm worried about you, Nephrite. You seem to be completely without a plan."

Nephrite "That's my business! Now leave me alone!"

Zoisite "Uh oh. Not a very polite reception from an emissary from Queen Beryl. Like I said, the queen has grown quite impatient with you."

Nephrite "When I find the Silver Crystal, believe me, she'll have nothing to complain about."

Zoisite "Uh...hey, it's MY job to find the Silver Crystal."

Nephrite "The power of the crystal is for the one who finds it. We'll see who's going to be the victor and who the vanquished, Zoisite."

Zoisite "I will ruin you, Nephrite!"

(Angry, she leaves.)

Nephrite "Hmm, what a vindictive person that creature Zoisite has become."

(With her gone, Nephrite could get on with his work. He had been hiding it from both Zoisite and Queen Beryl. He calls upon the stars.)

Nephrite "Now, I must clear my mind. Everything is ruled by the stars. When the Sun makes a right angle between Neptune and Mars, the stars will then bring me the power of the crystal, which will lead me to the Silver Moon Crystal. I will be...it's master."

(With the planets aligned, he summons his dark powers and produces a black crystal: the Star Crystal.)

Nephrite "This will be my guide to the crystal."

(Then the Star Crystal glows blue, and an image appears. An image...of Molly! He had been seeing her for some time as his alter ego, Maxfield Stanton, and he's been getting some strange sensations from her. Is this a sign?)

Nephrite "Huh? Can it possibly be that Molly is the key to finding it?"

(In Malachite's chambers, Zoisite seeks comfort and advice.)

Zoisite "Oh Malachite, I despise him so much."

Malachite "Hm hm. Don't let him bother you so, Zoisite."

Zoisite "Oh, but if he finds the Crystal..."

Malachite "If Nephrite actually finds it, which I doubt, we'll take it from him!"

Zoisite "Oh Malachite, you're wonderful."

Malachite "Meanwhile, make sure Yasha watches him very carefully."

(Turning around, she orders Yasha...)

Zoisite "Yasha, you heard him. Obey Lord Malachite."

Yasha "I heard, and I will obey him."

(Serena is about to ring Molly's doorbell, but she's getting the jitters.)

Serena "Uh, no. I can't do it."

Luna "What's the matter? You said we should leave it up to you."

Serena "Yeah, but I always say that. Why do you listen to me?"

(Oh, brother.)

Luna "You're right. I'll never learn."

Serena "Uh, let see...got it."

Luna "Got what?"

Serena "I know what. I'll consult with Andrew at the arcade and maybe squeeze in a game or two."

(When will she ever get her priorities straight?)

Luna "Why do I even bother to try?"

(At the Crown...)

Serena "Andrew..."

(She sees Andrew helping a young lady at a game.)

Andrew "You've almost got it. Careful now. Jump that one. Jump again. Hah! Now you've got it."

Serena "Who's that girl he's with, anyway? I never saw her before."

(Oh boy. Another anxiety crisis.)

Serena "Maybe he's got a new girlfriend. Maybe he's buzzed out on her now and doesn't care about me."

(While she's chattering her teeth and biting her fingernails, Darien walks up to her.)

Serena "I'm cold..."

Darien "Look who's here? Yo! Hey Meatball Brain, how's it going?"

(Darien's taken the insulting name to a new level. Now she's madder than ever.)

Darien "Hey Andrew, better pay some attention to Serena over here. She's about to go ballistic."

(How embarrassing.)

Serena "Oh hi, Andrew. I'm not going ballistic."

Andrew "Hi there, Serena. When did you guys get here?"

Serena "Oh, uh, just now."

Andrew "I'm taking a break. Uh, you guys wanna go get some cocoa?"

Serena "Sure, and I've got something I wanna ask you about."

Darien "I can go for some cocoa."

Serena "Oh..."

Andrew "Sure. Come with us."

Serena "Does he have to?"

(At the restaurant next door...)

Serena "So she's really juiced on him, but Molly won't listen to me when I try to tell her what he's really like. He's a major bad news guy."

Andrew "And so?"

Serena "Uh, my best friend is getting herself into trouble, and I don't know what I should do about it?"

Andrew "Hmm...maybe you should wait a while and see what happens."

(Where has she heard that before?)

Serena "Oh, well I..."
"That's what Amy said we should do."

Darien "Waiting isn't gonna change anything. If you're her friend, you've gotta talk to her."

Serena "Huh?"

(This is only the second time Darien has given her serious advice.)

Andrew "Well, you know, maybe Darien could be right. She'll probably be angry with you when you tell her, but that's better than letting her get herself into a lot of trouble."

Serena "Wow. Thank you for all your great advice. It made me hungry."

(Signaling the waiter...)

Serena "Waiter, bring me a double bacon cheeseburger and a jumbo chocolate shake!"

(Uh oh. She's going on another binge.)

Darien "Got any money on ya, huh?"

Andrew "Not THAT much."

Serena "Gee, I really don't think that's gonna fill the void."

(Signaling the waiter again...)

Serena "Uh, a pepperoni pizza, too! Ha ha ha."

(MORE?!)

(At Molly's house...)

Serena "Courage, Serena. You can do it. Be valiant. Be strong."

(She finally gets the gumption to ring the doorbell.)

Molly "Coming."

(She opens the door.)

Molly "Hi, Serena. What's the matter?"

(Then her courage breaks down again. She manages to tell her what she wanted to say, but all at a ridiculous speed!)

Serena "Now listen. I racked up every ounce of courage that I had to come tell you that that Maxfield is like very, very bad for you. In fact, he's a very, very wicked guy. He isn't even human. This crush of yours will only lead to a very great disaster, so wipe him from your mind. Please, just forget about him, Molly, and understand I'm telling you this for your very, very own good."

Molly "But, Serena..."

Serena "Bye bye, Moll. Have a nice day."

(If this world has ANY hope of stopping the Negaverse, this girl has got to learn a LOT!)

(At Serena's house...)

Luna "So, you told her all about him?"

Serena "Yes. It was hard, but I told her everything."

Luna "So what did she say? How did she take it?"

Serena "Huh? Uh..."

Luna "Oh Serena, you just blurted it all out and then ran away? Is that what happened?"

(Dead to rights.)

Serena "Um..."

Luna "Oh Serena, how could you do that to her?"

Serena "I'm pretty sure she got the idea."

Luna "Oh, I knew I should have gone with you."

(Meanwhile, Molly thinks over what Serena had said...)

Molly "Serena said he was a bad person. Oh, but that can't be true. He's so gentle."

(Then the phone rings.)

Mrs. Baker "Molly. Telephone. It's someone named Maxfield."

Molly "Oh, I knew we were meant for each other."

(She picks it up.)

Molly "Yeah, Maxfield. I know McKenna park. It's around the corner."

(She hangs up. Telling her mother...)

Molly "I'm going out for a while."

(Her mother walks into the hall.)

Mrs. Baker "What? Now?"

(Molly has already left. What's going on?)

----- **Commercial Break** -----

(In McKenna Park...)

Maxfield "I'm sorry to make you come out so late."

Molly "Doesn't matter. I'm so happy you called me."

Maxfield "Molly, I've come to say goodbye."

(Oh no!)

Molly "What? Oh, I see. You're probably tired of this kid bothering you."

Maxfield "No, it isn't like that at all, Molly. I just...don't wanna see you get hurt."

Molly "What?"

Maxfield "Some really dangerous people are after me, and I don't want you involved. I like you too much."

(This is a toss-up. Is he referring to the Sailor Scouts or to Queen Beryl?)

Molly "Oh..."

Maxfield "You know, you're a terrific girl, Molly."

(As he gets up to leave...)

Molly "Wait! You gotta tell me how I can help you. There's gotta be something I can do."

Maxfield "It's the crystal. If I had the Silver Crystal..."

Molly "The Silver Crystal? What's that?"

Maxfield "This would all be over with if I just had the Silver Crystal. The...No. Sorry. Forget it."

Molly "Silver Crystal?"

(She remembers something. She rememebrs a gem her mother had shown to her. A pearl-like gem with a beautiful silvery sheen.)

Molly "Wow, that's beautiful."

Mrs. Baker "This gemstone's very rare and very valuable."

(That might be it!)

Molly "Oh, that's gotta be the Silver Crystal! He has to have it."

(Calling out to Maxfield...)

Molly "Stay right there, Maxfield! I think I can help you!"

(And she runs back home. Nephrite thinks about this development, and chuckles in evil anticipation.)

(Molly heads for her mother's office. Mrs. Baker keeps her most valuable gems in a safe within the office. Molly had snatched a ring of keys and is trying to unlock the safe.)

Molly "It's gotta be one of the keys on this ring."

(She finds the key.)

Molly "Oh."

(She opens the door and finds the gem she had remembered about.)

Molly "There it is. Oh..."

(She picks it up.)

Molly "It's beautiful."

(Just then, the lights go on.)

Mrs. Baker "WHO'S THERE?!"

(Her mother is at the door. Molly is terrified.)

Molly "Oh!"

Mrs. Baker "What are you doing? Molly?! Oh..."

(Her mother can't believe it! Her daughter a thief?!)

Molly "Oh..."

Mrs. Baker "What are you doing, Molly?"

Molly "Oh..."

Mrs. Baker "Tell me!"

Molly "Mother...forgive me."

(She takes the gem and runs.)

Mrs. Baker "Molly! Wait! Oh Molly, what's wrong?"

(Just a block down the street, Serena is complaining...)

Serena "I want to go home."

Luna "So who doesn't? But we've got to make sure Molly understands about Nephelite. If you'd done your job properly, we wouldn't have to be out here at midnight."

Serena "Put a sock in it, Luna."

(Then she looks ahead.)

Serena "Huh?"

(Mrs. Baker is walking down the street and heading Serena's way. She gasps.)

Serena "That's Molly's mother."

(Mrs. Baker sees Serena.)

Mrs. Baker "Serena, have you seen Molly?"

Serena "Uh, has something happened to her?"

Mrs. Baker "She took a jewel from the safe and ran away."

(Serena and Luna are right on it. As they hurry to McKenna park, Serena recalls what else Molly's mother had mentioned.)

Serena "What? Why did she do that?"

Mrs. Baker "I don't know. When Maxfield Stanton called..."

Serena "That's it. Oh, he's a very terrible man. We have to find Molly right away."

(As they continue to hurry to the park...)

Serena "Ooh, that Nephelite's gonna pay for playing with Molly's feelings!"

Luna "You must transform to Sailor Moon."

Serena "**MOON PRISM POWER!**"

(Serena summons the power of her Moon Prism Locket and transforms into Sailor Moon, Champion of Justice.)

Sailor Moon "Let's go, Luna!"

Luna "Okay!"

(At the park, Nephelite tests the gem Molly had brought with the Star Crystal. There's no reaction. Curses!)

Nephelite "The Star Crystal doesn't react. This is nothing but a jewel."

Molly "I'm so proud. I actually helped Maxfield with his problem."

(As Nephelite continues to probe, he notices that the Star Crystal reacts when it points to Molly. How odd.)

Nephelite "Wh-what's happening? The Star Crystal. It's reacting."

(Then he realizes what (or whom) it's reacting to.)

Nephelite "That girl Molly. There's something about her. I have to find out what it is."

Nephelite/Maxfield "I need some more help from you, my dear Molly. Will you come with me just for a little while? Let's go."

Molly "All right."

(As the two leave, Yasha shows up, hidden behind a trash can.)

Sailor Moon "STOP RIGHT THERE!"

(Oh no! Company! Sailor Moon is behind them.)

Sailor Moon "So Nephelite, now you're taking advantage of innocent young girls, are you?"

Nephelite "Get outta my way!"

Sailor Moon "Don't move! I'm Sailor Moon, Champion of Justice! In the name of the Moon, I'll punish you!"

Molly "Uh, Sailor Moon, I don't need help."

Sailor Moon "Oh yes you do, Molly. This man is an alien being named Nephelite who wants to destroy our world. Get it?"

Molly "But that can't be, Sailor Moon! I know him! You got it all wrong! Say it isn't true."

(Nephelite answers Sailor Moon's challenge by sending a ball of energy at her. It hits her and reels her back. He then channels his energy...)

Nephelite "I ask for power from the stars."

(As Sailor Moon gets up, the stars respond, sending a small meteor shower at her.)

Luna "SAILOR MOON! WOULD YOU GET UP?!"

Nephelite "You're finished, Sailor Moon!"

----- **Commercial Break** -----

(He summons forth a powerful energy bolt. It would've finished her, but Sailor Moon manages to crabwalk just out of range.)

Nephelite "So you escaped again. Lucky, I guess...but not for much longer."

(She could use some help right about now!)

Nephelite "Your luck's run out!"

Sailor Mars "Wanna bet?"

Sailor Mercury "Need backup, Sailor Moon?"

(Sailor Mars and Sailor Mercury had just arrived.)

Sailor Mars "Sailor Mars is here..."

Sailor Mercury "...and Sailor Mercury, too."

Nephelite "Three Scouts all together. Triple the fun. FEEL ALL THE POWER OF THE STARS!"

(He tries another power bolt, but...)

Sailor Mercury "**MERCURY BUBBLES BLAST!**"

(...fog blocks his vision.)

Nephelite "Hey! Where'd you go?"

Sailor Mars "**MARS FIRE IGNITE!**"

(Nephelite just manages to jump out of the way of the Mars Fire. This does not look good.)

Molly "Are you all right?"

Nephelite "Molly. She's still here."

(Then, Sailor Moon launches her Moon Tiara.)

Sailor Moon "**MOON TIARA MAGIC!**"

(It looks as if Nephelite is about to bite it, but something unexpected happens.)

Molly "MAXFIELD! AH!"

(Molly steps in front of Nephelite, ready to intercept the tiara!)

Nephelite "WAIT! MOLLY!"

Molly "Don't worry! I won't let them hurt you!"

(Sailor Moon has to put the brakes on her tiara...FAST!)

Sailor Moon "AAAAH! OH, STOP, TIARA!"

(It keeps going.)

Sailor Moon "NO, NO! STOP!"

(The Moon Tiara manages to come to a halt just inches from Molly's face.)

Sailor Moon "It...it stopped! My tiara!"

Molly "I'm not going to allow you to hurt him!"

Sailor Mercury "Molly, he's evil. Can't you see that?"

Sailor Mars "Step aside right now!"

Molly "Never! You're gonna have to destroy me first!"

(Oh my! When Molly said she was in love, she was definitely not kidding!)

Nephrite "Why is she doing this?"

Sailor Mercury "How can you protect such an evil man?"

Molly "I care for this man...with all my heart."

(Tears are in her eyes.)

Molly "I don't care what happens to me as long as he survives!"

(The Sailor Scouts can't believe it! Molly truly loves him.)

Sailor Moon "Oh...oh Molly..."

(Meanwhile, Nephrite's Star Crystal has begun to glow with great intensity. As Nephrite tries to ponder this, Yasha watches nearby.)

Nephrite "The Star Crystal is reacting again, but it's affected by Molly's presence and not affected by any other forces. Could it be possible that it's reacting to her love?"

(Yasha charges!)

Yasha "Is that the Silver Crysta?!"

Nephrite "NO!"

(Nephrite tries to hold Yasha off, but she manages to knock away the Star Crystal. It falls beside Molly.)

Yasha "Ha!"

(Molly picks it up.)

Yasha "GIVE ME THAT CRYSTAL!"

Molly "AAAAAAH!"

(Suddenly...)

Nephrite "MOLLY!"

(Nephrite sends an energy bolt at Yasha, destroying her mask.)

Sailor Moon "Molly, he saved you!"

Molly "Maxfield does care for me. He protected me from that creature."

(And, overcome with emotion, she faints. Meanwhile, Nephrite thinks about what he had just done. He had just zapped someone from the Negaverse, an ally! How could he have done this?!)

Yasha "NEPHRITE! YOU WANT TO FIGHT FOR THE HUMAN RACE..."

(Without her mask, Yasha's much uglier...and much meaner, too, with demonic horns!)

Yasha "...THEN I WILL DESTROY YOU!"

(She charges him again, but Nephrite takes her horns and throws her into the air. Yasha readies her horns for a dive back down...)

Yasha "DESTRUCTION OF THE TRAITOR!"

(But she doesn't even get close.)

Sailor Moon "**MOON TIARA MAGIC!**"

Yasha "AAAAH! YOU HAVE DESTROYED ME!"

(Yasha gets moondusted halfway down.)

(Moments later, Nephrite takes the jewel Molly had given him and puts it in her hand. He turns to leave.)

Sailor Moon "Nephrite, where are you going? What about Molly? Don't you care about her?"

Nephrite "I saved her life."

Sailor Moon "Yeah right. I'm not talking about that."

Sailor Mercury "What's wrong with you? Don't you have any heart?"

Sailor Mars "There's no point talking to him about heart."

Nephrite "Hmph. You people are all so sure of yourselves, but once we find the Silver Moon Crystal, the Negaforce will finally rule the Universe."

Sailor Moon "Silver Moon Crystal? What is that?"

Luna "*Silver Moon Crystal...I've heard about it.*"

Nephrite "So you girls just keep on fighting for all your lofty truth and justice because very soon the

Negaforce will be taking over. See ya.”

(And he disappears with an evil laugh. As he leaves, Molly talks in her sleep...)

Molly “Oh Maxfield...”

Sailor Moon “Uh, Molly...huh?”

(Sailor Moon sees a shooting star in the sky. An opportunity for a wish, and she knows how to use it...)

Sailor Moon “I wish, I wish, oh Shooting Star, if Nephelite really cares for Molly, help him conquer the bitterness in his heart.”
