

TRANSCRIPT FOR

Sailor Moon - Episode 27: "Kitty Chaos"

(Boy, has Luna gotten herself into trouble! It seems that every single alley cat in town's after her, and there's even a runt with Luna's tail in his mouth!)

Luna "Did I deserve this?"

(She's desperately running to avoid the feline mob!)

Luna "Wooah! Oh!"

(Soon, she finds herself cornered...)

Luna "Uh?"

(...facing who knows what with the tiny cat still chewing on her tail.)

Luna "Aah..."

(The leader slowly makes his way to Luna...when a fish bone hits the ground. The leader stops approaching, and Luna looks up.)

Luna "Huh? Now what?"

(On top of a nearby bus sits a huge cat. She has never seen a cat so large, but it seems that he has some status. When he meows, all the other cats step meow in shock.)

Luna "Not bad."

(Every single cat retreats... except for the runt chewing on Luna's tail, but when Luna stares at him, he spits out the tail and, flashing his bear-trap-like teeth, walks away. The end of Luna's tail is sore and bare from the chewing.)

Luna "Guess I didn't need that hair on my tail anyway."

(She feels something. Turning, she sees that the huge cat is licking her tail. Then he gets close. He's making an approach.)

Luna "Thanks for saving me, but this up close and personal's a bit too far."

Girl "Hercules! Hercules! Hercules!"

(Hearing the girl, the huge cat runs off.)

Girl "Oh Hercules, there you are."

(Luna looks. The girl is picking up the huge cat, obviously to take him home.)

Girl "Oh, my sweet tiney-winey kitty."

(Hercules...)

Luna "Of course. What else would you name a huge, white cat?"

(Luna isn't the only one noticing the girl and her cat.)

Zoisite "Hmm. Could this girl be the one that holds the seventh Rainbow Crystal? This sweet little girl? How challenging."

(Yeah right.)

Zoisite "Like taking candy from a baby. He he he he."

(Luna meets Amy in the park and tells about what happened.)

Amy "It must have been awful, Luna."

Luna "That's an understatement. Not to be a snob or anything, but grunged-out alley cats are not my cup of tea."

Serena "Hi, guys."

Amy "Huh?"

Luna "Huh?"

(All the girls are supposed to be meeting here, but...)

Lita "Sorry to keep you waiting. Uh?"

Serena "Huh?"

Lita "Where's Raye?"

Amy "Um...well...you see, she uh...is kind of busy today. See, 'cause it's Saturday, she wanted to go on a date with Darien."

Serena "Ooh..."

(Raye is calling Darien at this moment. The phone is answered...)

Darien "Hello, this is Darien."

Raye "Uh-uh, hi, Darien. It's me, Raye."

(...by an answering machine.)

Recording "I'm not around right now."

Raye "Uh..."

Recording "Please leave your message after the beep."

Raye "Oh no..."

(Beep.)

Raye "Oh, hi. Uh, it's Raye. I heard that they've got this totally amazing chocolate sundae over at Flavor Factory, and I thought maybe you'd like to go try it with me. Would you like to come? Uh, if you haven't eaten yet, I mean. Uh, you know..."

(Darien actually is home, but he's thinking about more serious things.)

Darien "The seventh Rainbow Crystal. I must find it! Can't let the Negaverse get it!"

(Amy had been working on a program to help them track Rainbow Crystals more accurately. She's now using her Mercury Computer to try it out.)

Lita "What are you doing, Amy?"

Amy "I'm searching for the seventh Rainbow Crystal."

Serena "But the Crescent Moon Wand isn't reacting at all."

Luna "Like, duh. That's why we're using the computer to try and find the thing before the Negaverse does. Get with the program, Serena!"

(Serena just gives her a dark look. Luna just can't seem to get through to her.)

Luna "Doh..."

(Then, the computer gets a lock.)

Amy "Luna..."

(Everyone turns.)

Amy "I think it's found something. It's scanning the city."

(It locks onto a certain location.)

Luna "Looks like the seventh Rainbow Crystal must be right there!"

Serena "Hmm..."

(So the girls head for the house the computer indicated.)

Serena "So this is the place? Where's the crystal supposed to be? Inside the house?"

Amy "Yes, it should be."

Serena "Okay..."

(Luna takes a look around...and sees a familiar silhouette. Inside, Hercules sees Luna and steps down.)

Luna "Oh...oh no. Not him again."

Lita "Well, let's do it."

Luna "Uh, you guys go on. I'll wait here."

Amy "What's wrong, Luna?"

Luna "Oh, nothing but uh..."

(Serena makes a cat-like face.)

Serena "Luna, you're our Guardian Cat. We need you. It's your duty as our feline protector."

Luna "I know, but see...that cat up there. Well, he's kind of got a crush on me."

(That's a sound for sore ears. A cat with a crush on Luna?)

Amy & Lita "Huh?"

Serena "Whaaat?!"

Amy "Well, that's all right. Even Luna can sometimes be distracted from work."

(Serena just purrs like a cat.)

Serena "Kitty love. Swell."

Amy "Okay, Luna. We'll be right back."

Serena "See ya, scaredycat."

Luna "All right. All right."

(After they leave...)

Luna "You just had to add in your two cents, didn't you, Serena?"

(Then she hears lots of meows...nasty meows.)

Luna "Hmm? Huh?"

(Luna turns and looks up. IT'S THE ALLEY CATS!)

Luna "Oh...uh..."

(They've all gathered at the walls on both sides of the street, and they don't look too friendly.)

Luna "MEOW! Not this again?! Oh no! MEOW!"

(Amy rings the doorbell. The little girl answers the door.)

Girl "Yes?"

Amy "Oh...oh, hey. Hi there. Is your mom or dad at home?"

Girl "Yes, but they're busy working out back in the garden."

(The Crescent Moon Wand in Serena's backpack blinks. The crystal's here!)

Serena "The Crescent Moon Wand's reacting."

Lita "That little girl must have the Rainbow Crystal."

(Meanwhile, Hercules senses that Luna is in trouble, and immediately tries to break free of the girl's tight hug.)

Girl "HEY!"

(Breaking free, he immediately takes off with the girl right behind him.)

Girl "AH! GET BACK HERE! OH NO!"

(She keeps chasing, but loses him when he turns into a narrow alley.)

Girl "Hercules?"

(Then someone else decides to drop in: Zoisite.)

(Back at the house, the girls hear a scream.)

Girl "HERCUL-AAAAAH!"

(Realizing that it means the Negaverse, they immediately head for the alley.)

(Meanwhile, Luna, teeth clenched, finds herself in a dire situation.)

Luna "And they dare call themselves cats."

(She's surrounded. Soon, the leader leaps at her, claw at the ready, but at the last second, Hercules pulls her away. The huge cat has the timeliness and methods of Tuxedo Mask! The leader crashes into the sidewalk as Hercules, Luna held fast by his mouth, jumps on top of the wall. He stands defiant, to the dismay of the other cats. Just then, because of him holding Luna, he loses balance and falls off the wall. He crashes on top of a trash can, jumps off of it, and lands on a partially-open manhole cover. Unfortunately, the cover flips over, dumping Luna and Hercules into the sewers!)

(Meanwhile, Zoisite has a little business to take care of. The little girl is unconscious on the ground.)

Zoisite "Such a sweet child, totally unaware of the treasure inside her."

(She summons the Dark Crystal and proceeds to try and extract the Violet Rainbow Crystal.)

Zoisite "Now, the seventh and last Rainbow Crystal will be mine."

(But there's a problem: the girl isn't reacting!)

Zoisite "Huh? What? Why doesn't that crystal appear?"

(There's only one explanation: she doesn't have it! Wait a minute. If the image from the Dark Crystal showed the

girl and her cat...)

Zoisite "Oh no. It's that ridiculous cat that's got the crystal. Well, of course."

(She retrieves the Dark Crystal.)

Zoisite "I should've known the precious seventh Rainbow Crystal's inside an obese alley cat."

Sailor Moon "There she is!"

(What a time for the Sailor Scouts to show up! However, they're a bit cramped in the tight alley.)

Sailor Mercury "I'm Sailor Mercury, and I order you to leave that girl alone."

Sailor Jupiter "I'm Sailor Jupiter. Back off, dweezil!"

Sailor Moon "I'm the one you should be afraid of."

(The three are struggling to get past each other.)

Sailor Moon "I'm Sailor Moon."

Zoisite "How perfectly annoying. **ZOI!**"

(Sailor Mercury tries to counter the wind spell with Mercury Bubbles, but she falls over trying.)

Sailor Mercury "**MERCURY...**"

(All three of them seem to be having a hard time.)

Zoisite "Bunch of goofs."

(She leaps back.)

Zoisite "A triple threat: the three Sailor Stooges."

Moon & Mercury "Huh?"

Sailor Jupiter "Witch, how dare you! I won't let you live! **JUPITER...**"

(Believe me. It's not a good time for Jupiter Thunder.)

Sailor Moon "Wait! Not yet!"

Sailor Mercury "We'll all get electrocuted!"

(Zoisite decides to leave them to their folly.)

(Zoisite teleports herself to where Hercules had gone.)

Zoisite "Ew! Ew! What's that awful smell?"

(She realizes that she's in a sewer. She immediately plugs her nose.)

Zoisite "Sewage? Ick! Now, where's that stupid cat?"

(The Dark Crystal points the way.)

Zoisite "You're there all right, cat! Come here, cat!"

(She takes one step...right into the sewage.)

Zoisite "AAH! Oh, ick!"

(She curses her current situation.)

Zoisite "This better be worth it. That's all I've gotta say."

(It may well be worth it. Elsewhere, Luna and Hercules are unconscious!)

----- **Commercial Break** -----

(Serena, Amy, and Lita have taken the girl back to her house and put her to bed.)

Lita "Where on Earth is Luna?"

Serena "I can't believe she took off on us like that. And she calls ME irresponsible. AS IF!"

Amy "Luna is never irresponsible. Something must have happened to her."

Serena "Huh?"

(Serena turns and finds...a game cartridge.)

Serena "OH! Hey you guys! Check it out! It's the new Sailor V video game!"

Lita "Ha ha ha."

Amy "You're a classic."

Lita "How can you think about video games at a time like this? Zoisite might come back after this poor kid anytime."

Amy "I can't believe she's the carrier of a Rainbow Crystal."

Lita "I know. Still, we gotta keep an eye on her."

(Serena is already at the game...)

Serena "Oh yes! GOTCHA! Ho HO! I'm so good at this."

(...and little do they realize that the Crescent Moon Wand ISN'T reacting.)

(Zoisite is still traversing the sewers. She's now in a round, dark tunnel.)

Zoisite "Ha ha ha. It's close. It's VERY close, so come on out, you mangy fat fleabag, huh?"

(There's something odd about the wall she's touching.)

Zoisite "Huh?"

(It feels very odd: a bit soft.)

Zoisite "It's warm."

(It's more than warm. IT'S ALIVE! Suddenly, her face turns blue in fear.)

Zoisite "Rats!"

(SHE'S CRAWLING THROUGH A TUNNEL FULL OF RATS!)

Zoisite "AAAH! IT'S A WALL OF RATS!"

(And they're coming after her!)

Zoisite "AH! RAAATS!"

(Zoisite starts running while the rats chase her like a giant, living wave.)

(Meanwhile, Raye is still out on the street looking for Darien, or...she WAS looking for Darien.)

Raye "Rats! Here, I wasted my entire day looking for stupid Darien. Love sure can be boring sometimes."

Chad "Hey, Raye!"

Raye "Huh?"

(Raye turns around and sees Chad, the young musician who came to Cherry Hill Temple some time ago to get help to overcome his stagefright. Now, he's become an assistant caretaker.)

Raye "Huh? Oh Chad, hi. Did Gramps finally give you some time off from your training at the temple?"

Chad "Oh, um, yeah, he sure did. I'm not doing anything special, but would you like to go for a burger?"

(Well, there's one nice thing about Chad: he's pretty up-front. Raye thinks about his offer.)

Raye "He is kind of a hunk, but I gotta play hard to get."

Chad "Right, of course. Tell me. A popular, major cool babe like you would probably already be booked solid, right?"

(He overestimates Raye. Interesting.)

Raye "Uh...oh...well, kinda..."

Chad "Oh yeah, well, I thought so. See ya, Raye."

(Oops. She had carried it a bit too far.)

Raye "Hey, wait! Where are you going?"

(Too late.)

Raye "Boy, sure can't play hard to get with him. Oh well. Tomorrow's another day."

(Back in the sewers, Luna and Hercules have already regained consciousness. Now, Luna is trying to find an exit. Hercules is behind her.)

Luna "There's got to be a way out of this place. This is worse than the day a pit bull mistook me for his breakfast."

(Luna leans against a wall. She's tired.)

Luna "Gotta take...a breather here. Sorry. This is all your fault, you know?"

(Then she sees that Hercules has a small cut on his right foreleg.)

Luna "Hmm? What's happened to your leg? It's injured! You hurt it when you...fought off all those alley cats for me, didn't you?"

(Luna is beginning to have second thoughts about the huge Hercules.)

Luna "Why did you risk hurting yourself to help me, I ask. Is it because you like me?"

(He just meows and blushes.)

Luna "Oh...stupid question."

(Luna can hear a commotion in the distance.)

Luna "Huh?"

(She looks. It's Zoisite...and the rats!)

Zoisite "There he is!"

Luna "IT'S ZOISITE!"

Zoisite "This time, I'm getting that crystal!"

(Oh my! Now Luna realizes: Hercules has the Rainbow Crystal!)

Luna "YOU'RE the one with the last Crystal!"

(Luna knows what she has to do. She guides Hercules to a narrow tunnel.)

Luna "Come on, big guy! Move it! She won't be able to follow us in here!"

Zoisite "You can't get away!"

(Zoisite and the rats are closing fast!)

Luna "MEOW! SUCK IT IN!"

(They're still coming!)

Luna "Bet you never turn down food."

(Luna squeezes Hercules into the tunnel, and she follows. Zoisite and the rats prove agile, though.)

(Soon, the entire menagerie is crawling down the tunnel.)

Luna "Come on, Hercules! Live up to your name!"

Zoisite "I'm catching up. The crystal's mine! I'm almost there, but, oh no! So are the rats!"

(Zoisite's in trouble, for soon...)

Zoisite "AAAAH!"

(The rats surround and smother her. They then turn their attention on the cats.)

Luna "MEOW! Come on! Faster! Faster!"

(She tries to hurry Hercules.)

Luna "You probably don't like the D-word, but dieting might not be such a bad idea!"

(There's light ahead. The end of the tunnel!)

Luna "Finally, the exit."

(Raye is standing at the side of a canal, moping.)

Raye "What a dim-bulb I am. I wasted the whole day."

(Then she notices something.)

Raye "Huh?"

(Luna and Hercules have just gotten out of the tunnel and are now running along the canal's bank.)

Raye "There's Luna. Who's that humongous cat she's with?"

(She doesn't have time to wonder about it, for the rats are getting out, too!)

Raye "Huh? AAH! WHAT'S GOING ON?!"

(Meanwhile, Serena is still at the game...)

Serena "Oh! Gotcha! Gotcha! Oh! Oh yes!"

(...while Amy and Lita consider a possibility.)

Amy "I don't get it. This wand isn't reacting at all. We should've seen some reaction from it by now."

Lita "Well, maybe...she's not the one. But then, why did the wand react in the first place?"

(Something clicks. They both gasp.)

Lita "Maybe it..."

Amy "That's it! It's got to be that gigantic cat of hers!"

(The girls get a jump as Serena yelps over losing another game...)

Serena "OHHH NOOO!"

(...but enough's enough. Time to get down to business.)

(Back at the canal, the chase is on.)

Luna "Faster, Hercules! Faster!"

(But the rats manage to overtake them, knocking them over.)

Luna "AAAH!"

(The swarm stops and rears up., and within the mass of furballs...)

Zoisite "Ah ha! When the rat's away, the cat will play. Too bad the queen rat is back."

(Zoisite's eyes appear through a hole in the mass. It looks bad, until...)

Sailor Mars "**MARS FIREBALLS CHARGE!**"

(Sailor Mars distracts Zoisite, almost knocks Luna into the canal, and scares the rats away.)

Sailor Mars "Get ready to rumble, Queen Rat."

Zoisite "Yeah? Who's that? Show your face, if you dare."

(Sailor Mars, from up at the edge of the canal, is happy to comply.)

Sailor Mars "I'm Sailor Mars, Champion of the lovelorn, and I say LEAVE THOSE CATS ALONE! Even cats have the right to love!"

Luna "How embarrassing. MARS, STOP!"

Sailor Mars "The fires of love are burning. The fire of justice is burning. I won't let anyone destroy a person's...no, even a kitty's chance at romance! I will punish you on behalf of the planet Mars!"

Zoisite "Pathetic..."

(Zoisite gets down to business. She hurls the Dark Crystal.)

Luna "There IS a good side to this: Mars will cut the love chat."

(The Dark Crystal starts to emit its extractor beam.)

Zoisite "At last, the Rainbow Crystal will be all mine."

(Hercules meows wildly as the crystal begins to come free.)

Luna "OH!"

(Zoisite frees the Violet Rainbow Crystal from Hercules and takes it. Sailor Mars jumps down to confront Zoisite, but then, with the crystal removed, Hercules transforms into Bakip, a giant cat of a Shadow.)

----- **Commercial Break** -----

Luna "HERCULES! OH!"

(Bakip turns towards Sailor Mars and Luna, a menacing look in his eyes.)

Luna "Hercules..."

Zoisite "Ha ha! Enough melodrama. Get rid of them. Now, Miss Love and Justice, here's your romantic ending."

(Suddenly, a rose stings her hand, making her drop the Violet Crystal. That could only mean...)

Tuxedo Mask "Nice work, Zoisite. Thanks for finding the crystal for me. See ya."

(And he takes off with the crystal. Zoisite is furious!)

Zoisite "Hey! Wait! Come back here! That's not yours! Bakip, hurry!"

Bakip "Yes."

Zoisite "Get him!"

(Bakip starts after Tuxedo Mask.)

Sailor Mars "Oh no! Luna, we've got to stop him!"

Luna "Right. Let's go!"

(Sailor Mars doesn't want Luna to endanger herself.)

Sailor Mars "Luna!"

(But Luna is already heading up the side of the canal, after the monster.)

Luna "No! Wait, please. I can help you. I can help you...turn you back to your old self."

(Bakip roars. No dice. Instead, she loses her footing and tumbles down.)

Sailor Mars "Luna! No! AAAH!"

Luna "Hercules, you remember? That cute little girl who loves you so much?"

(It works! Hercules (Bakip) stops her fall and picks her up.)

Luna "And how...you saved me, remember?"

(She notices that the wound on the right foreleg is still there. She decides to keep talking.)

Luna "I've got a friend. Uh, she'll change you into the cat you were before."

Sailor Mars "He remembers. There's still goodness in him."

(Is there? We won't have time to find out.)

Sailor Mercury "**MERCURY BUBBLES BLAST!**"

(The other Sailor Scouts have arrived.)

Sailor Mars "Hey guys, it's about time."

(Sailor Jupiter jumps down from the top of the canal and, sliding between the monster's legs, snatches Luna and brings her down.)

Sailor Mars "Sailor Jupiter!"

(Sailor Moon and Sailor Mercury are still high at the edge.)

Sailor Moon "We're all here."

Sailor Mars "Yeah, and about time. What's your lame excuse this time?"

Sailor Mercury "Sorry. I was late, too. It's not just her."

Sailor Jupiter "Well, we were waiting, and Serena wanted to finish the Sailor V game."

(Oh brother.)

Sailor Mercury "Mars, relax. This isn't Serena's fault."

Sailor Moon "Ha ha, but it wouldn't be a normal day without her nagging me."

Luna "Guys, stop it! We've got more important things to worry about."

Sailor Moon "Huh?"

(Oh yeah. The monster.)

Sailor Moon "Right."

(She pulls out the Crescent Moon Wand...)

Sailor Moon "**MOON HEALING ACTIVATION!**"

(...and turns Hercules back to normal.)

Luna "He'll be okay."

(Later, the little girl is happy to have her cat back.)

Girl "Oh, I missed you, Hercules. I'm so glad you're all right. I was really worried about you."

Serena "Oh, she's so happy to have Hercules back."

Raye "So, Luna, we'll take off so you can have some quality time."

Lita "Yeah. He's your boyfriend, isn't he, Luna?"

Luna "Hercules? Give me a break."

(Serena knew better.)

Serena "Ooh, this is worse than I thought."

Luna "Oh... oh, thanks a lot, Serena. She has such a big mouth. He did save my life. Maybe Hercules isn't such a bad name for the big guy after all."

(Actually, Serena had caught on. Though he was fat, tubby, and slow, she did like the huge Hercules.)
