### Sailor Moon - Episode 29: *"Sailor V Makes the Scene"*

*(Queen Beryl castle. Queen Beryl likes the fact that Zoisite has managed to retrieve five of the seven Rainbow Crystals, but she's still upset that Tuxedo Mask has the remaining two.)*

**Queen Beryl** "So, Zoisite, what's wrong? You still haven't figured out who Tuxedo Mask is? We're running out of time. I suggest you do so."

**Zoisite** "I don't know his real identity, Majesty, but I will soon. He shows up like clockwork every time Sailor Moon and her little friends are in the slightest danger."

**Queen Beryl** "Well...good. Then we can trap him and get those two Rainbow Crystals he's stolen."

**Zoisite** "That pretty much what I had in mind, my Queen. Actually, Malachite and I worked out a plan. We should be able to get those crystals back no problem. I'll capture Sailor Moon and force Tuxedo Mask to exchange the crystals for her."

*(There's just one little problem.)*

**Queen Beryl** "Do you really think you can manage that, Zoisite? She's outwitted you several times, and let's not forget, you still have her three Sailor friends to contend with."

**Zoisite** "I know. I await your orders, my Queen."

**Malachite** "I would like to go with Zoisite, Majesty."

*(Recognizing the voice, she turns to her sweetheart.)*

**Zoisite** "Malachite, I'm honored."

**Malachite** "Well, it's true the Scouts have been a problem in the past, so I've revised our plan to trap them all and make Tuxedo Mask surrender his crystals for their safety. It's a daring plan. It will take a lot of energy, but it will be worth it."

**Queen Beryl** "Very well. I'm putting you in charge then, Malachite, but I warn you: don't disappoint me."

**Zoisite & Malachite** "We won't."

**Queen Beryl** "I want that Imperium Silver Crystal now! My patience is wearing thin. You bring the Rainbow Crystals back, you'll be well rewarded."

---

*(At a bank...)*

**Robber** "Reach for the ceiling, people! This is a sitck-up!"

*(It's a bank robbery! He's holding the tellers at gunpoint!)*

**Robber** "Put all the money in this bag now, and don't any of you bank clerks try anything fancy."

*(Just then, something hits the robber's wrists, making him drop his shotgun.)*

**Voice** "That's good advice."

*(It's a boomerang, and it looks Like Sailor Moon threw it, but something's odd about her looks.)*

**Robber** "Who are you? Where'd you come from?"

*(She promptly kicks him and knocks him over.)*

**Sailor Moon** "I'm Sailor Moon, Champion of Justice!"

-----

*(The incident makes the news!)*

**News Reporter** "Good news, folks. An attempted bank robbery was foiled today by that young superheroine named Sailor Moon."

*(At the mention of Sailor Moon, Luna wakes up from her catnap.)*

**News Reporter** "This brave young woman, who has become familiar by now, single-handedly unarmed the robber with a mighty karate kick."

*(Her face appears on the TV. Now Luna is at full attention!)*

**Luna** "Sailor Moon?! Can't be."

-----

*(Serena's downtown with Lita, chowing down on ice cream. Wait a minute...)*

**Serena** "Yumminess. Mmm. Mmm. Mmm. Don't tell Luna I had five of these. She'll get on my case about junking out."

**Lita** "Fine, but don't whine at me when you get a major stomach ache."

**Serena** "Stomach ache from sugar? As if."

-----

*(Two window washers are at work on the windows of the University Library. Darien is inside, reading. Everything seems perfectly normal...until crystals embed themselves in some of the supporting cables! Meanwhile, Darien, in the library, senses something.)*

**Darien** "Huh? What's going on?"

*(The crystals disappear, leaving gaping holes that weaken the support cables. The cables soon break, sending the washers tumbling. As Darien, Serena, Lita, and the crowd of people watch, the two window washers are hanging on for dear life.)*

**Darien** "They need help."

**Worker** "I can't hold on. Someone help!"

**Darien** "Hmm...this didn't happen by accident."

*(Unbeknownst to them, another crystal puts a hole in the last supporting cable.)*

**Darien** "Somebody sliced the rope."

*(The cable breaks, and the workers start falling. Suddenly, someone lays out some rope, and swings out to catch them. It's Sailor Moon...or is it? If Sailor Moon's up there, why is Serena still down on the ground? It's now clear that an imposter is at work. Whoever she is, she's good. She saves the workers and lands safely on an awning. The crowd applauds.)*

**Lita** "Huh?"

**Serena** "What?"

**Fake Sailor Moon** "Don't sweat it, folks! You're safe as long as I'm around!"

*(And she jumps away. Meanwhile, Darien runs out of the library, but he's too late. She's already gone.)*

**Darien** "That's not the Sailor Moon I know. I better see what's up."

---

*(He had caught on already, and of course, the real Sailor Scouts aren't too pleased at the sight of an imposter, especially Serena. She's more than upset.)*

**Serena** "What's the deal? She can't be Sailor Moon. That's MY job. She can't. She can't. She can't. She can't. She can't. She caaaaa..."

*(By now, Serena is crying again while Lita tries to calm her down.)*

**Lita** "SERENA, PLEASE QUIT YOUR WAILING! You have got your communicator, haven't you? We've gotta call the others now!"

*(Serena calms down. Lita's right.)*

---

*(Meanwhile, the fake Sailor Moon hops from rooftop to rooftop, heading in the general direction of the docks. And over there...)*

**Malachite** "Hm hm hm hm. This new Sailor Moon's the perfect foil, ha ha ha...and the perfect bait for Tuxedo Mask, and then, finally, we'll have the crystals. Queen Beryl will be ecstatic."

---

*(At the same moment, Darien has been following what he thought was the fake Sailor Moon's trail. He's now at the docks, too.)*

**Darien** "Where'd she go? She disappeared."

---

*(Malachite and Darien aren't the only ones there. Serena and Lita had called Amy, Raye, and Luna, and now all of them are at the docks in search of the fake Sailor Moon.)*

**Amy** "She swung down a rope and saved the guy?"

*(Indicating Serena...)*

**Raye** "No way. She's the real item. I mean, the Sailor Moon I know could barely swing a hammock."

**Lita** "Yeah. Like, for sure. She'd get totally tangled up like some poor bug in a spider web."

**Serena** "Ooh, traitor."

**Amy** "What we need to figure out is where she's coming from? Is she our friend or enemy?"

**Raye** "Yeah, I guess you're right, Amy. Luna, could she be the fifth Sailor Scout?"

*(The question makes Luna nervous.)*

**Luna** "You know, I've got no clue on this one."

**Serena** "Well, if she IS the fifth Sailor Scout, no way that bogus, showboating phoney is stealing my name. I was Sailor Moon first, and it's gonna stay that way!"

*(Oh brother.)*

**Lita** "And if she's bogus, that girl's gonna pay!"

*(Then they hear some screaming.)*

**Lita** "Someone's in trouble!"

**Girls & Luna** "Let's run!"

-----  
*(The fake Sailor Moon is being hoisted by a crane.)*

**Malachite** "Ha ha ha ha. It won't be long now."

*(It's the Sailor Scouts who get there first.)*

**Lita** "The Negaverse just captured Sailor Moon."

----- **Commercial Break** -----

**Serena** "Come on! Let's get her down!"

**Lita** "No! Wait!"

**Luna** "Lita's right. This could be a trick."

**Serena** "I don't care if it is, Luna. I wanna find out who in the world that girl thinks she is."

**Raye** "She's right."

*(And they all nod, which is a rarity.)*

**Serena** "Thanks. Let's go, Sailor Scouts. **MOON PRISM POWER!**"

**Amy** "**MERCURY POWER!**"

**Raye** "**MARS POWER!**"

**Lita** "**JUPITER POWER!**"

(Serena, Amy, Raye, and Lita transform into Sailors Moon, Mercury, Mars, Jupiter, respectively.)

---

(Dark clouds roll in. Thunder rings in the night sky. Evil is in the air.)

**Malachite** "Very soon, the Universe will belong to the dark forces. Come on, Tuxedo Mask. Show up like you always do to save your precious Sailors. Then, finally, the last two crystals will be ours. Ha ha ha ha."

**Sailor Moon** "Hey! You on the roof!"

(He's got company, and it isn't who he was originally expecting.)

**Sailor Moon** "You let that bogus Sailor Moon go this instant! Do you hear me?! I am Sailor Moon, the original Champion of Justice! On behalf of the Moon..."

**Sailor Mercury** "...on behalf of Sailor Mercury..."

**Sailor Mars** "...in the name of Mars..."

**Sailor Jupiter** "...and for Jupiter also..."

**Sailor Moon** "We will right wrongs and triumph over evil sludgesters like you!"

(So, the Sailor Scouts arrived before Tuxedo Mask. No matter. He's got plans for them, too.)

**Malachite** "Most impressive, Sailor Scouts, and let me say it's a pleasure finally meeting all of you for the first and, let me assure you...very last time."

(Malachite hasn't been Queen Beryl's top choice for nothing. He's got some of the deadliest spells imaginable. He begins to conjure a dark force dome.)

**Malachite** "**DARK ENERGY ELECTRIFY!**"

(Soon, the Sailor Scouts are trapped inside an indestructible dome.)

**Malachite** "That oughta shut you up for a while."

**Sailor Mars** "He's not getting away with this. **MARS FIRE IGNITE!**"

(But the Mars Fire has no effect on the force dome.)

**Sailor Moon** "What happened? Hmm, it didn't work, did it?"

(Malachite's image appears in the dome.)

**Malachite** "Not even close, Sailor brat."

(He conjures up bombs inside the dome and drops them, forcing the Sailor Scouts to scatter.)

**Sailor Jupiter** "I'll stop him."

(His image reappears in the dome.)

**Malachite** "Give it a try."

**Sailor Jupiter**            “**JUPITER THUNDER CRUSH!**”

*(Again, no effect.)*

**Sailor Mercury**            “Not even a dent. We're in real trouble.”

*(Malachite laughs and jumps down to take a closer look.)*

**Malachite**                    “Slow learners, aren't you, girls? Your measely powers are no match for the Negaverse. No sense in wasting so much energy. **DARK ENERGY, SHRINK TO BIT!**”

*(Now the force dome begins to shrink! As Malachite laughs at the Sailor Scouts' perdicament, the Sailor Scouts grow extremely worried.)*

**Sailor Moon**                “*I sure hope Tuxedo Mask is around. I think he's our only hope.*”

-----  
*(Tuxedo Mask is busy right now.)*

**Tuxedo Mask**                “I've got to find Sailor Moon. I know she's in danger. I can feel it!”

*(He spots the fake Sailor Moon hanging from the crane.)*

**Tuxedo Mask**                “I may be too late.”

*(He hurries over.)*

**Tuxedo Mask**                “Better be careful, Tux. Somebody got her up there.”

*(Soon, he's at the crane.)*

**Tuxedo Mask**                “Let's go!”

*(He leaps into the air and cuts the cable holding the fake up. He catches her and brings her down, but he has to dive into a nearby warehouse as lightning strikes the crane, almost frying them as it courses down the steel frame.)*

**Tuxedo Mask**                “It's all right now. We're safe. You'll be okay.”

**Fake Sailor Moon**        “Can't say the same for you.”

*(She produces an ice crystal, which she drives into his shoulder. She jumps away from him, and the crystal vanishes, leaving a gash in his shoulder.)*

**Tuxedo Mask**                “Sailor Moon! Why?”

*(The fake now reveals the truth.)*

**Zoisite**                        “Ha ha ha. Tuxedo Mask, you're so gullible. Ha ha ha ha ha. Now, you're mine, and soon, the Rainbow Crystals will be as well.”

*(She shoots her snaring cherry blossoms, but he evades and hides behind some crates.)*

**Zoisite**                        “Ha ha ha ha. You can run, but you can't hide. The Negaverse sees everything.”

*(She produces another ice crystal, this one much like a sword. She calls out.)*

**Zoisite** "I'm gonna get you, Cape Boy! Ha ha ha ha."

**Tuxedo Mask** "How could I have been so stupid?"

---

*(The situation looks very bleak for the Sailor Scouts. The dome is about to crush them!)*

**Sailor Moon** "Yo! The dome is getting smaller!"

**Sailor Jupiter** "We have to fight it."

*(She tries her Jupiter Thunder again.)*

**Sailor Jupiter** "**JUPITER THUNDERBOLT CRUSH!**"

*(But it proves to, again, do nothing.)*

**Sailor Jupiter** "Still nothing. He's gotta be their strongest warrior."

**Sailor Mercury** "We've got to get out of here before he squishes us!"

*(But how?)*

**Sailor Mars** "But nothing works."

*(It's getting even smaller.)*

**Malachite** "Zoisite, got those crystals back yet?"

---

*(Zoisite answers from where she is.)*

**Zoisite** "Cape Boy is history!"

*(She's slicing all over the place, looking for the wounded Tuxedo Mask. She soon catches up, and Tuxedo Mask has to run to avoid being crushed by falling debris. She soon spots him.)*

**Zoisite** "Ha ha ha ha. Ha ha ha ha."

*(She leaps and readies a powerful strike.)*

**Zoisite** "There you are!"

*(Tuxedo Mask raises his walking stick and blocks the attack. Their weapons clash, and Zoisite persists. She tries her cherry blossoms.)*

**Tuxedo Mask** "Get away!"

*(The wind from the blast blows away his eye mask.)*

**Zoisite** "Surrender the Crystals! **ZOI!**"

---

*(Within her castle, Queen Beryl sees Tuxedo Mask's face...and gasps. She recognizes him!)*

**Queen Beryl** "I know that face! But at last, we know who Tuxedo Mask is."

---

*(Meanwhile...)*

**Zoisite** "Come on. Just surrender."

*(She tries to drive her crystal blade home. It glows with her intensity.)*

**Tuxedo Mask** "I'll never surrender!"

**Zoisite** "Fine. Have it your way."

*(Suddenly...)*

**Voice** "**VENUS CRESCENT BEAM SMASH!**"

*(...a beam shoots Zoisite's hand, making her drop her sword.)*

**Zoisite** "AAH! MY HAND! Who's up there?!"

*(A silhouette appears in a window. It looks like a Sailor Scout, though not one of the four we know. Could she be the fifth? Zoisite turns toward her.)*

**Zoisite** "Where'd you come from?"

*(Then she turns back. Tuxedo Mask has disappeared!)*

**Zoisite** "Oh, just great."

*(She looks up! The mystery Scout's gone, too!)*

**Zoisite** "They both disappeared. No! This can't be! All the Sailor Scouts are in Malachite's dome! OH!"

---

*(She decides to check on Malachite, who seems to be doing just fine. The Sailor Scouts are running out of room, and they can't do a thing about it!)*

**Sailor Mercury** "That fake Sailor Moon was part of your plan, wasn't she?"

**Malachite** "Smart girl. You finally figured it out, but not soon enough to avoid our trap."

*(Zoisite appears.)*

**Zoisite** "Malachite, I have bad news."

**Sailor Moon** "Ooh, it's that witch, Zoisite. Ooh..."

**Zoisite** "I had Tuxedo Mask cornered, but then another Sailor Scout attacked me."

**Malachite** "Impossible, Zoisite. You can see: all the Scouts are in the dome."

**Zoisite** "Yeah. That's what I thought. Those wretched brats. They must have tricked me with some kind of illusion."

**Sailor Moon** "What are we gonna do? Tuxedo Mask would've come by now if he still cared."

*(He's closer than they think, and he has to make a tough choice. When he decides, he puts his eye mask back on.)*

**Sailor Moon** "Maybe he's on their side."

**Zoisite** "Tuxedo Mask, where are you hiding? Don't you care about your little fan club? Come out right now, or else they're gonna be history! Hear me?"

**Sailor Moon** "Guys, we can't...let the Negaverse win. Try to hang on..."

*(But the dome is draining their energy. They're starting to collapse. Luna cries from inside some pipes...)*

**Luna** "Sailor Scouts! NO!"

**Tuxedo Mask** "Let them go! I'll give you the crystals."

*(So, he's decided to give up the crystals.)*

**Zoisite** "Ha ha ha ha. I knew you'd finally see it our way, cape boy. Now, hand over the crystals before it's too late."

*(Is it too late?)*

**Zoisite** "Come on!"

**Voice** "He's not handing you anything, Negacreeps."

*(Zoisite recognizes the voice! She had heard it earlier!)*

**Zoisite** "There it is! That voice! It's her again!"

*(The Sailor Scouts hear it, too. In fact, everyone does.)*

**Luna** "We might be saved!"

----- **Commercial Break** -----

*(She whistles.)*

**Voice** "Up here, guys!"

*(They all turn to look up. There, on a rooftop, stands the fifth Sailor Scout! She wears orange and has Sailor-V-style glasses. You could easily mistake her for Sailor V herself.)*

**Malachite** "Where'd she come from?!"

*(She jumps to the ground.)*

**Sailor Scout** "I'm Sailor Venus, and if you're looking to make any trouble..."

*(It IS Sailor V...Sailor Venus! She takes off the glasses.)*

**Sailor Venus** "...here it comes right back at ya! **VENUS CRESCENT BEAM SMASH!**"

*(Her beam burns Malachite's hands and makes him lose his concentration. With that, the force dome breaks up.)*

**Zoisite** "She's broken the force field! How could she?!"

*(The other Sailor Scouts get up in relief.)*

**Sailor Mars** "Hey, what happened?"

**Sailor Moon** "Oh, she set us free. Sailor Venus... She's our fifth Scout, you guys."

*(They all realize the impact. Then they notice something on top of the pipes Luna is in. It's another Guardian Cat, this one white and male.)*

**Artemis** "That's right, Sailor Scouts. The fifth Scout's here, and I'm her guardian, Artemis. Meet Sailor Venus. We're united at last."

*(The fictitious Sailor V becomes a reality in Sailor Venus! Artemis jumps down to say hi to Luna, whom he hadn't seen in a long time.)*

**Artemis** "Looking sharp there, kitty cat."

**Luna** "You haven't changed."

*(Meanwhile, Zoisite and Malachite are backing off.)*

**Zoisite** "Enough. We didn't come here just to put on some Scout jamboree."

**Sailor Moon** "Too bad. You're moon dust, creeps!"

*(Queen Beryl, however, has other plans.)*

**Queen Beryl** "MALACHITE! ZOISITE! RETURN AT ONCE!"

**Malachite** "We don't have the crystals, Queen Beryl!"

*(The image of her face appears above them.)*

**Queen Beryl** "I know that, but it's too risky. Let them be! Return now!"

**Zoisite** "We can win!"

**Queen Beryl** "ZOISITE, NEVER QUESTION ME!"

**Malachite** "We'd better hit it."

**Zoisite** "We're in for an earful."

**Malachite** "You got lucky, but everybody's luck runs out sometime!"

*(And they both disappear. Tuxedo Mask, realizing that he had just been spared the trouble of turning over the crystals, wastes no time in leaving. He winces in pain as he leaves, and Sailor Moon hears him.)*

**Sailor Moon** "Tuxedo Mask, is that you? I'd swear he was here."

**Sailor Jupiter** "Oh well. We didn't need his help anyway."

---

*(With the battle over, Sailor Venus and Artemis now have a opportunity to really introduce themselves.)*

**Artemis** "Well, Luna, sure been a long time. Pretty sight, huh? I can't tell you how happy we are to finally be joined up with you guys."

**Sailor Jupiter** "Sailor Venus! I can't believe this! Really!"

*(Sailor Venus is happy about the moment, too...)*

**Sailor Venus** "It's great to be here."

*(...but Sailor Moon has a nagging question.)*

**Sailor Moon** "Oh...are you the Moon Princess we're looking for?"

*(All she can answer in reply is...)*

**Sailor Venus** "I don't know."

*(Is Sailor Venus the long-lost Moon Princess, or does someone else hold the honor? Will the Negaverse retrieve the Rainbow Crystals, or will the Sailor Scouts be able to get them back? And what about Tuxedo Mask? What will he do? This story isn't over yet, and next time, we'll finally learn of...**A Crystal Clear Destiny.**)*
