

TRANSCRIPT FOR

Sailor Moon - Episode 40: "*Day of Destiny*"

(Over the last twenty-four hours, strange things have been happening.)

News Reporter "Scientists are scrambling to find a way to dispel a huge, mysterious heat spot which is melting the polar ice caps and threatening cities..."

(Luna and Artemis watch the television. During the Sailor Scouts' last battle with Malachite, they had both been wounded, and now they're both bandaged.)

Artemis "This is Scout business, Luna!"

(At Cherry Hill Temple, the cats put it straight.)

Raye "So, we're finally going to meet Beryl."

Mina "Are you guys ready?"

Lita "Yeah, can't wait."

Amy "This'll be our toughest fight ever."

Serena "Psst. Raye, major question."

(She gets up to Raye's ear.)

Serena "You didn't forget to kiss Chad goodbye, did ya?"

Raye "Grr..."

(This is no time for romance.)

Artemis "Well, girls, are you ready? This'll be a rough one..."

Luna "...but we know you can do it."

Serena "Oh yeah. We've trained enough."

(It's Sailor Scout time!)

Serena "**MOON PRISM POWER!**"

(While Serena begins her transformation...)

Amy "**MERCURY POWER!**"

Raye "**MARS POWER!**"

Lita "**JUPITER POWER!**"

Mina "**VENUS POWER!**"

All Four **“SCOUT POWER!”**

(As they transform, Luna asks Artemis...)

Luna “Do you think they're really ready? Can they handle this?”

Artemis “Amy? Mina? Lita? Raye? No problem. Serena? That's another story.”

Luna “But they're going against Beryl, Queen of the Negaverse. Serena HAS to be ready.”

(Artemis sighs.)

Artemis “Well, if worse comes to worse, maybe she'll have a klutz attack and trip Queen Beryl.”

(Not funny.)

(Now, they're all ready.)

Artemis “Believe in yourselves! You can do this, Sailor Scouts!”

(The Scouts combine their mental powers in a mystic spell...)

Sailor Scouts **“SCOUT POWER!”**

(...and teleport themselves to the Arctic. The final conflict is about to begin.)

(The constant blizzard gets to Sailor Moon quickly. She struggles to speak through chattering teeth.)

Sailor Moon “Ooh. Maybe we belong someplace warmer, like Tahiti?”

(While she complains, Sailor Mercury uses her computer to locate the warp hole.)

Sailor Mercury “I'm getting some really strong readings from that volcano over there.”

(Sailor Moon sneezes.)

Sailor Mercury “We should head that way.”

(What's a volcano doing in the middle of the Arctic?)

(Queen Beryl is not letting this threat to her conquest of Earth stand in her way.)

Queen Beryl “So, the Sailor Scouts wanna pay us a visit. Finally. It's about time.”

(Though Malachite had been destroyed, Queen Beryl still has powerful warriors. She stands and addresses her minions.)

Queen Beryl “So who wants to greet our guests and earn a place in Negahistory? Any volunteers?”

(Five of them volunteer.)

Doom & Gloom Leader “We'll greet 'em, Queen Beryl.”

Queen Beryl "The Doom & Gloom Girls. Perfect."

(Back in the frozen north...)

Sailor Moon "Can't we hire a dogsled or something?"

Sailor Mercury "Hold it."

Other Scouts "Hmm?"

Sailor Mercury "Some kind of life form. Straight ahead."

(The snow suddenly stops. Something weird's going on here.)

Sailor Scouts "Huh?"

(There's someone ahead, and he appears chained.)

Sailor Mercury "There. See it?"

(They see it. It's Tuxedo Mask...)

Sailor Moon "That's Tuxedo Mask. He's hurt! We gotta get him! Oh!"

(...or is it? Sailor Mercury holds her back.)

Sailor Mercury "No, Sailor Moon! It's probably a trap."

Sailor Jupiter "Don't be so blind, Sailor Moon."

Sailor Moon "Oh. Hmm."

Sailor Mars "Yeah. Like, get it together, Sailor Moon-brain. It's a trap!"

Sailor Moon "Butt out, Mars."

Sailor Mercury "Just wait. I'll check it out."

(She scans with the computer. Meanwhile, Sailor Moon hears a cry in her head.)

Tuxedo Mask "Princess, help me be free again."

(Tuxedo Mask is mentally crying for help...)

Tuxedo Mask "Help me, Sailor Moon. Help me. Hurry."

(...or is he?)

Sailor Moon "It IS him. I've gotta help him now!"

(This time, she's too quick for the others.)

Sailor Jupiter "NO!"

Sailor Mars "COME BACK!"

(Fortunately, the others manage to tackle her.)

Sailor Moon "Let me go! I've gotta get him NOW! Let go! Get off me! Tuxedo, I'm coming!"

(Something's wrong. Sailor Mercury's scan detects it.)

Sailor Moon "Let me go, I said!"

Sailor Mercury "Watch it, you guys! That's not him!"

Other Scouts "Huh?"

Sailor Mercury "IT'S A TRAP!"

(It IS a trap! Suddenly, tentacles shoot from the fake Tuxedo Mask and almost catch the Sailor Scouts!)

Sailor Mars "Why don't you ever listen?!"

Sailor Moon "It was his voice, though. I know."

(The fake Tuxedo Mask reveals HER true identity: the leader of the Doom & Gloom Girls. She laughs.)

Sailor Moon "So you think that's funny, sleazemeister. Well, go ahead! Yak it up! I'm tired of putting up with Negatrash, and that means you."

(The other Doom & Gloom girls appear behind the leader.)

Sailor Moon "Am I seeing things?"

Doom & Gloom Leader "Hey Jupiter, somebody here would like to chat with you."

(In Tuxedo Mask's place...is Andrew!)

Sailor Jupiter "That's Andrew! We've gotta save him!"

(These Girls don't give up. If Sailor Moon won't take the bait, maybe Sailor Jupiter will. The trap is sprung! Tentacles shoot up from the ice and grab Sailor Jupiter from below while more shoot from the disguised Doom & Gloom Girl. Soon, Sailor Jupiter is caught in a tangle of tentacles!)

Sailor Moon "Jupiter! They've got her trapped!"

(Now, all the Doom & Gloom Girls have her. The other Scouts have to do something fast!)

Sailor Moon "**MOON TIARA...**"

Sailor Mars "**MARS FIRE...**"

(But these Girls are clever! They close in right next to Sailor Jupiter. Now, if either Scout cut loose, Sailor Jupiter would get hurt.)

Sailor Mars "Jupiter, we'll get you out of this, so help me!"

Sailor Jupiter "Thanks, but you guys have gotta find Beryl. Don't worry! I'll trash these Negacreeps!"

(She tries one last attempt.)

Sailor Jupiter **"JUPITER THUNDER CRUSH!"**

Doom & Gloom Leader "What's that energy?"

(The blast blinds all of them. What happened?)

Doom & Gloom Leader "She's with us, girls, in the Negaverse!"

Sailor Moon "Lita, no! Don't go!"

(Too late.)

(Lita leaves a final mental message.)

Lita *"Hang in there, you guys. I'm with ya."*

(The leader of the Girls rises from the blast zone.)

Sailor Moon "Look. She's back."

Doom & Gloom Leader "Who's next? Eeny, meeny, miney, moe."

(Sailor Moon is in tears. They've lost Sailor Jupiter! She tries to run away, but Sailor Mars and Sailor Mercury stop her.)

Sailor Moon "You're not getting away with this, you understand?!"

Sailor Mars "No! Don't!"

Sailor Moon "But I want you to give Jupiter back!"

(She pleads to the others...)

Sailor Moon "Let's just give them the crystal. It's not worth it."

Sailor Mars "Jupiter wouldn't want that."

(Sailor Mercury hears something.)

Sailor Mercury "Listen."

(The others try to get closer, but she stops them.)

Sailor Mars "Hmm?"

Sailor Venus "Huh?"

Sailor Mercury "No, you guys. It's probably another one of their tricks."

Sailor Mars "Huh? What should we do?"

Sailor Mercury "You guys keep heading toward that volcano. I'll check this out and catch up with you. Don't worry. I'll be careful. Okay?"

Sailor Moon "But Mercury, it's not safe."

Sailor Mercury "Nobody ever said this was going to be safe."

(The others leave.)

Sailor Mercury "Now, there's something up there."

(She knew it. Another "prisoner," and one near and dear to her. That's why she didn't want the others involved.)

Sailor Mercury "Greg? It can't be. It's got to be an illusion."

----- **Commercial Break** -----

Sailor Mercury "Better scan it first."

(Her suspicions are confirmed. It's a Doom & Gloom Girl.)

Sailor Mercury "I knew it."

(Suddenly, her scanners go wild! A wave of lava is approaching her!)

Sailor Mercury "**MERCURY BUBBLES BLAST!**"

(It cools the lava, but then three Doom & Gloom Girls fly at her and send another hot blast at her. She's up against insurmountable odds!)

Sailor Mercury "I think my scouting days are over."

(The leader reads her mind.)

Doom & Gloom Leader "Got that right, techno-dweeb."

(The tentacles grab her. Now, they've got Sailor Mercury, too!)

Doom & Gloom Leader "Where did your little friends go?"

Sailor Mercury "Scared away."

Doom & Gloom Girl "She's lying. No problem. We'll just use this cute little computer to find 'em."

(Uh oh.)

(The other Scouts get the bad news in their minds.)

Amy "You guys, I'll be with Lita. Take care."

Doom & Gloom Leader "Bye bye."

(Two gone. Sailor Moon is crushed!)

Sailor Moon "No! Mercury's gone, too! We shouldn't have come. We're not ready! Luna didn't train us right!"

Sailor Mars "That's not true, Sailor Moon. We can't quit now. We'll keep going, for them."

Sailor Moon "No, let's get out of here while we can. Please..."

(Something seems to be glowing in the ice under Sailor Moon. Sailor Venus sees it and pushes her away!)

Sailor Venus "SAILOR MOON, WATCH IT!"

(The Doom & Gloom Girls have found them. Sailor Venus falls into the ambush meant for Sailor Moon.)

Sailor Moon "Sailor Venus!"

(Tentacles grab Sailor Venus and hold her captive high above the ground.)

Sailor Moon "We'll get you down! We're not letting them get any more of us! I'll use my Tiara!"

Sailor Venus "Save your energy! You're gonna need it!"

(The tentacles pull Sailor Venus into the ice.)

Doom & Gloom Girl "Sailor Venus, is it? Welcome to the Negaverse."

(She's not going without a fight.)

Sailor Venus "**VENUS CRESCENT BEAM SMASH!**"

(But the Doom & Gloom Girls ultimately prevail.)

Doom & Gloom Leader "Guess now you know why we're called the Doom & Gloom Girls."

Mina "I believe in you."

(And then, there were two.)

Sailor Moon "Mars, stop! I can't run anymore."

(Lita, Amy, Mina...captured. Sailor Moon can't take the heartbreak. She's crying.)

Sailor Mars "Sailor Moon..."

Sailor Moon "What?"

Sailor Mars "I think you're supposed to face Beryl alone."

Sailor Moon "Are you bailing out on me?"

Sailor Mars "No, just these Doom & Gloom Girls are too much for me."

Sailor Moon "We'll leave; come back when we're strong enough to win."

(Too late. Two of the Girls are approaching.)

Sailor Mars "Time for me to go."

(Sailor Mars knows what she must do.)

Sailor Moon "Oh no! Wait!"

(Sailor Moon tries to stop her.)

Sailor Moon "I don't want you to do this! You don't have to protect me."

Sailor Mars "Yes I do. Protecting you and the crystal was my destiny, just like being the Princess has always been yours."

Sailor Moon "Huh?"

Sailor Mars "See ya. Gotta teach these sleaze sisters not to mess with fire."

(Sailor Moon's right. It's suicide. But Mars is right, too. There's no other way.)

(The two Girls jump at her.)

Sailor Mars "**MARS FIRE...**"

(They fly to either side of her and dive into the ice.)

Sailor Mars "Where'd they go?"

(They come back up right underneath her!)

Sailor Moon "LOOK OUT!"

(The ice around Sailor Mars closes on her. Sailor Mars is trapped inside an ice mountain.)

Sailor Mars "Take that, Negatoad! Yeah. Hot, isn't it? Ha ha!"

(She's still fighting when suddenly, there's an explosion.)

Sailor Moon "SAILOR MARS!"

Raye "See ya 'round, Meatball Head."

(Sailor Moon stands alone. Her friends and allies have all been taken. Seeing that, now, only she remains, she changes her plan and makes a resolution.)

Sailor Moon "I'll set you all free again. I promise. Soon as I find Beryl, she is a goner!"

(Queen Beryl has been waiting for this moment.)

Queen Beryl "Finally, she's alone. At last. Sailor Moon, we finally meet face to face."

(Something approaches Sailor Moon from behind. She turns.)

Sailor Moon "Hey..."

(A transport field picks her up and carries her away...)

Sailor Moon "Where am I? Let me outta here!"

(...to Queen Beryl's throne room, where she is unceremoniously dumped on the floor.)

Sailor Moon "AAAH!"

Queen Beryl "Sailor Moon, how nice of you to drop in."

(Sailor Moon at last gets a firsthand look at the source of all her troubles.)

Queen Beryl "Welcome to my Negaverse."

Sailor Moon "You're...you're Queen Beryl."

Queen Beryl "Yes, and you remember Prince Darien?"

(He is kneeling to Queen Beryl's side, kissing her hand in loyalty. This shocks Sailor Moon.)

Queen Beryl "Prince Darien, I want that Imperium Crystal NOW!"

Prince Darien "Consider it done, my queen. It's been sweet, Sailor Moon."

(He jumps and tries to slice Sailor Moon with his sword. She rolls out of the way.)

Sailor Moon "DARIEN, NO!"

(She tries the wand...)

Sailor Moon "**MOON HEALING ACTIVATION!**"

(...but Queen Beryl had anticipated it. She has made sure Darien's brainwashing is complete this time.)

Queen Beryl "It's no use! You can't heal him! Not even your crystal can break the spell I've cast. Prince Darien is mine, now and FOREVER! Ha ha ha ha."

(Prince Darien tries again.)

Sailor Moon "DARIEN!"

(This time, he manages to knock Sailor Moon down. The Crescent Moon Wand falls out of her hand. Groggily...)

Sailor Moon "Oh, my wand..."

Queen Beryl "It's mine, as it was meant to be. Your mother managed to keep it from me for a time, but now, at last, it's mine! Your Universe will be no more, only the Negaverse, ruled by Prince Darien and me! Now, Darien, GET ME THAT CRYSTAL! And...get rid of her. She caused me enough aggravation!"

(Sailor Moon struggles to sit up.)

Sailor Moon "I know she's wrong about you, Darien. You're not evil."

(Then she pulls off a big surprise: she throws her Moon Tiara at him!)

Sailor Moon "Please let this work."

(He collapses, and the tiara falls to the floor. She pants in relief, but it's short-lived. Darien, still driven by the evil spell, tries to get up. However, the tiara has weakened him.)

Queen Beryl "I warned you. You can't turn him against me. His mind belongs to the Negaverse now. He'll never turn against his queen."

Prince Darien "Goodbye, Sailor Moon!"

Sailor Moon "Darien, she may have your mind, but your heart belongs to me. You remember, don't you?"

Prince Darien "You are the enemy!"

Sailor Moon "No, I'm not."

(She pulls out the Star Locket. This is her last hope.)

Sailor Moon "Look, Darien. It's our locket. Don't destroy it. Remember, it's OUR locket, the symbol of everything we shared...all those happy times on the Moon. Don't let her take all of that away from us. Please, Darien. It's me, Darien: Princess Serena. I've come to set you free again, just like I promised."

(It's starting to come back to him.)

Prince Darien "I remember."

Sailor Moon "Oh. All you have to do is touch it."

(He touches the locket. All the memories of the Silver Millennium, and of their love, return to him. The spell is broken.)

Queen Beryl "OH, TRAITOR! HOW DARE YOU!"

(Prince Darien regains his senses, but he grows weak and falls to his knees.)

Sailor Moon "Oh Darien..."

Prince Darien "Thank you. I'm free."

Sailor Moon "Oh, I know, Darien. I know."

(Queen Beryl is OUTRAGED!)

Queen Beryl "That's so sweet, I'm getting cavities. This Sailor brat is not going to insult me in my own place."

(Well, she knows how to deal with it. She has a large crystal with their names on it! She launches it.)

Queen Beryl "AAH!"

----- **Commercial Break** -----

Queen Beryl "YOU ARE MINE!"

(But Darien sees it and throws his charmed rose. It shatters the crystal, continues its flight...and plunges into Queen Beryl.)

Queen Beryl "NO!"

Sailor Moon "You got her."

Queen Beryl "You haven't seen...the last of me, Sailor Moon."

(And she disappears into the floor.)

Sailor Moon "Oh Darien..."

(He's collapsed on the floor.)

Sailor Moon "Can you hear me? Answer me."

(He opens his eyes.)

Prince Darien "I'll...I'll find a way back to you."

Sailor Moon "Hey, you can call me Meatball Head."

(How sweet.)

(Queen Beryl has had it! She has to destroy Sailor Moon NOW, and she needs the Negaforce to do it!)

Queen Beryl "I can't be defeated again! I've waited too long for this. Tell me how to win this!"

Negaforce "Don't whine at me, Beryl. You are nearly as incompetent as your minions. I should abandon you, but I'm giving you this last chance. Use it well!"

(The Negaforce breaks free and lends Queen Beryl its own power. The evil queen is supercharged!)

(In the Arctic, massive energies explode. Queen Beryl emerges on the scene, and BOY, is she mad, bad, and ugly!)

Queen Beryl "Ha ha ha ha."

(Sailor Moon reappears, too.)

Sailor Moon "Better enjoy that laugh, Beryl. It's the last one you'll ever have."

(Sailor Moon approaches.)

Sailor Moon "You'll never rule the Universe as long as I live."

Queen Beryl "We better get this over with, then."

Sailor Moon "Let's get to it."

Queen Beryl "You don't know what you're up against. Goodbye, Sailor Moon!"

(She sends powerful energy at her, raising a column of ice, but the top of that column breaks open, revealing...Princess Serena! Sailor Moon's facing Queen Beryl as the Moon Princess!)

Princess Serena "I will defeat you, Beryl, in the name of the Moon."

Queen Beryl "You? Pitiful little Princess Serena?"

(The entire planet is in an uproar. The lights go out everywhere.)

Mrs. Tsukino "I hope Serena's okay out there."

(On the roof, Luna and Artemis sense trouble.)

Artemis "This is bad. It's getting colder by the minute. Queen Beryl was too strong for them. Luna, our Scouts are doomed!"

Luna "I can't believe we'll never see them again."

(She cries into the night sky.)

Luna "Sailor Moon, you've just got to believe in yourself! Please, don't let the Negaverse win! EVERYONE'S COUNTING ON YOU!"

(SONG CUE: (Give me the Strength to) Carry On)
(In the Arctic...)

Princess Serena "I hear you, Luna. I am not afraid anymore."

(Beryl reads her mind.)

Queen Beryl "YOU SHOULD BE!"

(So begins the final battle.)

Princess Serena "**COSMIC MOON POWER!** Fight this evil!"

(Negapower and Moon Power clash, neither giving up ground.)

Princess Serena "Do not give up, Serena. You can do this."

"I am not letting you win this one, you witch. My friends are counting on me."

(From parts unknown, the other Scouts mentally call out to her.)

Amy "Hey Serena, I'll help you with this assignment if you want. Ha ha ha."

Raye "You are so stubborn, Serena. Let us help, or I'll never speak to you again."

Lita "Yeah, let us help you put her away. Still too many guys we gotta meet."

Mina "Let us help. We haven't known each other long enough for it to end yet."

Princess Serena "I DO need all of you. Please, help me."

(Their spirits reach out and give her a guiding hand. They lend Princess Serena their powers...)

Sailor Mercury "MERCURY POWER!"

Sailor Mars "MARS POWER!"

Sailor Jupiter "JUPITER POWER!"

Sailor Venus "VENUS POWER!"

(...to let them all out in one fantastic blast!)

Princess Serena "COSMIC MOON POWER UNITE!"

Queen Beryl "THIS CAN'T BE! NOOO!"

(It is! A powerful ball of energy approaches Queen Beryl, and she can't stop it! It engulfs her, and she disappears...forever.)

Princess Serena "Beryl is gone, blasted back to the Negaverse. The Universe is safe again, thanks to you, my friends. Finally, we have a chance for peace...real peace."

(SONG CUE: It's a New Day)

(The next day...)

Serena "OH NOOO! Why didn't somebody wake me up?! Oh, I'm totally late for school!"

(She grabs her stuff.)

Serena "Oh yeah. Thanks for lunch, Mom."

(What's this? It's like we've gone back to the beginning.)

Artemis "I'm so proud of our Scouts. They really did it, and they all came back safe, too."

Luna "Yes, only now, they don't remember any of it. It's like none of them ever met. They don't remember being friends or Sailor Scouts. Nothing."

(She's right. They pass each other without a second glance.)

Lita "Oh, excuse me."

Artemis "Don't worry. They just need to meet up again, become friends, and then, maybe they'll remember."

Luna "I hope so, but what about Serena and Darien?"

(Darien is in the hospital...with another case of amnesia! As for Serena...)

Serena "Hi. I'm Serena, a hospital volunteer. You had a really bad accident. Hope you're feeling better."

Darien "Yeah, thanks. You know, Serena, no offense, but you've got the funniest hair. Looks like a pair of meatballs."

Serena "Meatballs? Here, I come in to cheer you up, and you say my hair looks like MEATBALLS?!"

*(The Negaverse has been defeated, and the Sailor Scouts and Darien have returned to their original selves. Yet...we get the feeling that it isn't over yet. Just what may be awaiting the Sailor Scouts? Whatever it is, it will be unlike anything ever seen before. The time will soon come for...**The Return of Sailor Moon.**)*
