Sailor Moon - Episode 43: "A Knight to Remember"

(One evening, Lita, Serena, and Amy are waiting at a train station.)

Serena "Please, please, please, Amy, you've gotta help me. I just want you to tell me what you think the questions are gonna be on the exam tomorrow. Oh, and the answers, too, obviously. Please."

Amy "I don't believe you. You should be ashamed to ask me to do a thing like that. And besides, don't you have any pride in studying for yourself?"

Lita "Amy's right. There's great satisfaction in doing your own work."

Serena "Oh yeah right. Like you didn't want those answers, too."

Amy "Hey, this isn't funny. Get it together. We're not kids anymore. We've got to start thinking about the future."

Serena "Yup, you go ahead and worry, but I'll wait 'til it's here."

(Suddenly, a man's scream comes from outside.)

Serena & Lita "Huh?"

Amy "Huh?"

(It's another Cardian attack! This one is a lion, and this one's found a young man. He roars, and an energy wheel above it begins to spin and drain the young man's energy. Lita runs outside and recognizes the man.)

Lita "Ken!"

Ken "Stay back, Lita! Careful!"

Lita "Hey, what's happening, Ken?"

(The lion leaps to pounce Lita, but...)

Ken "LITA, JUMP!"

(Ken pushes Lita out of the way, but in the process he trips...)

Lita "Ken, watch out!"

(...and falls onto a walkway in the recessed train channel. He's hurt bad.)

Lita "It's coming back!"

(The lion prepares for another attack, and Lita readies to take the defensive. Meanwhile, Amy and Serena arrive.)

Amy "Oh no! Look!"

(The lion, seeing unwanted company, disappears into the wheel, which disappears, too. Amy and Serena are

puzzled.)

Serena & Amy "Huh?"

Lita "He's unconscious! Help him please!"

(Ken is rushed to the hospital. Lita and the others stay with him.)

Nurse #1 "Clear the way, quickly please!"

Nurse #2 "He'll need a transfusion right away."

Nurse #1 "We don't have enough type O."

Lita "My blood's type O."

Nurse #1 "We have a volunteer."

Nurse #2 "Hurry!"

(Meanwhile, the Cardian lion returns to the Doom Tree to give it the collected energy. The Tree glows with new life...)

Alien Ann "Alan, look. Our tree is coming back to life."

(...as do Ann and Alan. His job finished for now, the lion returns to its card.)

Alien Alan "This Cardian served us well."

Alien Ann "But will our lives always be like this, surviving one day at a time? I don't like it, Alan."

Alien Alan "We're in no position to pick and choose, my love, not with those five pretty Sailor Scouts around."

Alien Ann "Pretty Scouts?"

(Oops. He coughs.)

Alien Alan "Uh, and formidable enemies. They outnumber us, remember?"

Alien Ann "Alan, on this planet, we can only trust each other."

Alien Alan "Right, and never let anyone know who we really are. Our lives depend on it. To them, you're just my sister."

Alien Ann "And you, my brother. Ha ha ha."

(Finding a match in Lita, she and Ken are hooked up for the transfusion. Amy and Serena are with her.)

Amy "Are you feeling all right, Lita?"

Serena "I could sing for you, Lita, but I might make you feel worse."

Lita "That's okay. You guys have that big test tomorrow. You better go home and study."

Amy "Doesn't matter. I study every day, so I never really have to worry about being ready for an exam."

Serena "Just like me. I never worry either. Uh, get kind of different results, though. But maybe if I took some vitamins. Hey, I gotta try that."

(Amy is curious.)

Amy "Uh, Lita...so what's the story on you and Ken?"

Lita "He's my best friend."

(Just friends?)

Serena "Your best..."

Amy "...friend?"

(SONG CUE: Rainy Day Man)

Lita "Yeah. Since we were kids, Ken's always been there for me."

(Lita has always had boy trouble, but Ken would always be there to help and comfort her. Like one day, Lita was in the park in the rain with another guy. When she approached, he ran away. Standing in the rain, Lita was heartbroken, but then, Ken showed up and comforted her by sharing his umbrella.)

Lita "It's always been like that ever since we were kids. He's always been there for me, no matter what. Like with the monster. He was in danger himself, but he wanted to protect me from it."

Serena "Ah, so from the sound of it, he feels the same way about you."

Amy "Huh? Serena, please."

(But Lita doesn't mind.)

Lita "I guess so. Yup."

(Later that evening, Serena starts on a personal project.)

Luna "Serena...studying? A miracle. The Sailor Scouts are having a meeting tomorrow."

(Serena doesn't respond.)

Luna "Hey, are you listening to me?"

(She jumps onto Serena's table.)

Luna "Hello."

(Serena's still trying to revive Darien's memory. This time, she hopes to jog his memory with drawings.)

Luna "What?! You're wasting your time drawing pictures?! Serena, you are going to flunk out!"

(Serena still isn't listening.)

Serena "I've got to help Darien get his memory back."

(The next day, at the temple...)

Luna "It's clear some dangerous force is trying to steal life energy from people."

Atremis "But Queen Beryl has been completely destroyed, so that means there must be some other evil force that's causing these new problems."

(Raye recalls something.)

Raye "Hey, what about...those two creatures? You know, the aliens?"

Amy "And that mysterious explosion a few weeks ago. Maybe it has some connection with the attacks on those people."

(Lita slams her fist on a support beam. Watch out. She's on the warpath.)

Lita "Well, whoever's wasting all those people, they're gonna have to deal with me now!"

Raye "Sure, Lita, but don't knock down my house if you don't mind."

Amy "Hey, is Ken doing any better yet?"

Lita "Poor guy hasn't even been able to get out of bed."

Amy "Oh..."

(Oh dear.)

Luna "Hey, I'm starting to worry about Serena. She's late."

Mina "That's nothing new. Maybe she studi..."

(Mina holds the thought. When has Serena ever voluntarily studied?)

Mina "Uh..."

Luna "Huh?"

Mina "Well, no, probably not."

(Luna shakes her head.)

Luna "Uh unn. No way."

(Serena's running at top speed to the temple right now.)

Serena "Major bumsville! Oh, I'm so late! I run everywhere, and I'm always late anyway! Why bother?"

(She would've continued running...)

Serena "Hey, who's that?"

(...but she sees Ann and Darien ahead of her.)

Serena "Oh, that Ann. She never gives up, does she?"

Ann "Hey Darien, you wanna go to that big laser disco after school? It'll be so cool."

Darien "Well, I find discos boring, actually. They're so last season."

(Oops.)

Ann "Karaoke maybe? I'm not a bad singer, you know?"
♪Home, home on the range,
where the deer and the antelope play...♪

(Ann definitely stinks in the music department. Darien rubs his head in frustration.)

Ann "Something wrong, Darien?"

(Suddenly, Serena slides in between them.)

Serena "Stop that! Noise Police! Citizen's arrest!"

Darien "Hey, Meatball Head. Hey, glad to see ya."

Serena "You are, Darien? Do you remember?"

(He just wanted to thank Serena for stopping Ann.)

Darien "Hmm?"

(Serena tries her tactic. She retells the story of their past lives as she shows her drawings. The drawings are okay in quality, and they do tell the story well.)

Serena "Once upon a time, long ago, Darien, prince of the Earth, fell in love with the beautiful, wonderful, smart, totally babed out, major irresistable princess of the Moon, who just happened to be named Serena, but, they were attabked by nasty Queen Beryl and her evil forces from the Negaverse. Prince Darien disguised himself as the superhero Tuxedo Mask and saved Princess Serena from the evil queen, but then..."

(Ann stops her.)

Ann "Oh, great. Preschool's across the street."

Serena "What's that supposed to mean?!"

Ann "You think a sophisticated guy like Darien is interested in your dumb fairy tale? Get with the program, geek."

(Then they notice that Darien is gone.)

Ann "Hey, where'd he go?"

(Having left the girls behind, he's walking down the street.)

Ann "Oh!"

(Ann runs after him.)

Ann "Darien, wait! Darien, wait!"

Serena "Oh Darien. Maybe she's right. Maybe it IS a stupid fairy tale. What if he never remembers? What if he falls for Ann?"

(A red rose appears in front of her face. The first thing that comes to her mind is...)

Serena "Tuxedo Mask!"

(Then she turns.)

Serena "Oh..."

(It's just Alan, with a whole bouquet of the roses.)

Alan "Serena, how about a smile on that lovely face of yours? I've come with a message to cheer you up."

Serena "Huh?"

Alan "You are to be congratulated, Serena, because, in the whole high school, you're the girl I want."

Serena "Uh...really, Alan..."

Alan "Serena, my feelings reach beyond the orbit of your planet..."

(This is getting romantic.)

Serena "Ooh..."

Alan "...beyond the farthest stars, to the end of the Universe."

(He offers the bouquet.)

Serena "Oh..."

(But when she drops her drawings, she snaps back to reality.)

Serena "Oh, sorry about that."

(She picks up the drawings...)

Serena "Uh...gotta go. Bye, Alan."

(...and hurries to the temple. Alan isn't discouraged, though.)

Alan "Every time she runs away, it only heightens my determination. No problem, Serena. I'll

win you over if it's the last thing I do.”

----- **Commercial Break** -----

(Meanwhile, at the temple, Raye tries to consult the sacred flame for insight on their new threat.)

Raye “Fire of Mars, lend us your wisdom. Show us the face of our enemy.”

(She senses an answer coming.)

Raye “Wha...?”

(Within the flames, the image of the lion appears.)

Amy “Ah?”

Lita “It's the lion.”

Mina “Ah!”

Raye “But where did it come from? And who sent it here?”

Lita “Good question. Whoever it is is gonna pay.”

Raye “That's right. This is a matter for the Sailor Scouts. Let's move.”

(Would you believe that Serena is so late for the meeting that just as she arrives at the steps to the temple, gasping for breath...)

Serena “Oh, I'm suffocating.”

(...the others have already transformed and are heading out?)

Serena “Hey, wh-wh...wh-wh-what's happening?”

(As they pass, Serena tries to figure it out.)

Serena “Wh-where are you going, guys? Hel-IOO!”

(Sailor Mercury stops.)

Sailor Mercury “Gotta go. Hurry, Serena.”

Serena “What? Wh-where? Where are we going?”

Sailor Mercury “Just transform.”

(Sailor Mercury starts running again.)

Serena “**MOON PRISM POWER!**”

(Serena summons the power of her Moon Prism Locket and transforms into Sailor Moon, Champion of Justice.)

Sailor Moon “Hey, wait!”

(Ahead...)

Sailor Mars "We're getting closer to it. I can feel it."

Sailor Mercury "Good. Maybe if we can find this thing, we can find out where these monsters are coming from."

(There's a problem. Sailor Jupiter, still not at full strength because of the blood transfusion, begins to grow dizzy. She leans against a telephone pole for support. Sailor Moon notices.)

Sailor Moon "Hey, Sailor Jupiter, you okay?"

Sailor Jupiter "Yeah...just a little tired."

Sailor Moon "Oh no you're not. You're still weak from giving all that blood last night. You shouldn't be here. You should go home and get some rest."

Sailor Jupiter "I told you, I'm fine."

Sailor Moon "Jupiter, I'm scared. You're gonna get yourself hurt, so please, why don't you go home now?"

(If there's one positive quality Sailor Moon possesses, it's her concern for her friends.)

Sailor Moon "I know I'm a whiner, kinda slow and clumsy, and a wimp, but I'll try extra hard today."

Sailor Jupiter "What? Wha...I-I don't get what you're saying."

Sailor Moon "Please, Sailor Jupiter, don't fight today! I'm afraid you'll get huuurrrt!"

Sailor Jupiter "Thanks a lot, Sailor Moon, but I've gotta do whatever I can do to stop this monster before it attacks some other poor victim, the same way it attacked Ken!"

(Sailor Moon realizes that Sailor Jupiter's mind is set.)

Sailor Moon "Well, all right. I won't try to stop you, but you gotta be careful. You have to promise me."

Sailor Jupiter "Sure, it's a promise. Now, gotta book it."

(Sailor Jupiter hurries to rejoin the other Scouts.)

Sailor Moon "Hey wait! All this running..."

(The lion has already found a young couple and is about to drain their energy...)

Lion "Your energy is mine."

(...when...)

Sailor Jupiter "You're not so scary."

(The Sailor Scouts have arrived.)

Sailor Jupiter "So, you wanna pick on somebody, ya furball! How about picking on somebody your own size, huh?!"

(She charges head-on.)

Sailor Mercury "Sailor Jupiter..."

Sailor Jupiter "**JUPITER...**"

(The lion doesn't let her finish. He roars and sends out an energy bolt, knocking her out.)

Sailor Mercury "Jupiter."

Sailor Venus "Are you all right?"

(Just then, Sailor Moon catches up.)

Sailor Moon "Oh no. Jupiter."

Sailor Mars "You're gonna pay."

(She prepares a mystic spell.)

Sailor Mars "I call upon the power of Mars. **FIREBALLS CHARGE!**"

(But when she throws the scroll at the lion, he shreds it with his claws. Meanwhile, Sailor Moon tries to revive Sailor Jupiter.)

Sailor Moon "Jupiter, come on. You gotta speak to me, please."

(Sailor Venus tries.)

Sailor Venus "**VENUS CRESCENT...**"

(Again, the lion blasts her with an energy bolt before she can finish. The bolt also catches Mercury and Mars.)

Sailor Moon "Sailor Mars! Sailor Mercury and Venus!"

(That's it. No more Miss Nice Girl.)

Sailor Moon "Ooh! You messed with my friends! Now, you're gonna have to mess with me! I am Sailor Moon, and in the name of the Moon, I will punish you!"

(The lion isn't impressed. He roars and tries to blast Sailor Moon...)

Lion "Buzz off, little girl!"

(...but she runs before the energy bolt hits. He turns toward her again, a hungry look in his eyes.)

Sailor Moon "Ah! Uh oh. Think he missed breakfast."

(Just then, a rose hits the ground near one of his paws.)

Sailor Moon "Tuxedo Mask?"

(One tiny discrepancy: it's a WHITE rose. Sailor Moon turns. High in a tree stands a strange-looking young man, clad in white Arabian garb.)

Strange Man "The moonlight's so very beautiful tonight. Far too beautiful for a creature as ugly as this, don't you think?"

Sailor Moon "Is it...possible?"

(Though most of his face is covered, it still looks familiar.)

Sailor Moon "Uh, who are you? Huh?"

Moonlight Knight "I am called...the Moonlight Knight."

Sailor Moon "*The Moonlight Knight? Prince Darien?*"

(This eerie moment is interrupted, however, when the lion snaps back to reality and decides to take out this unexpected visitor. He leaps at the Moonlight Knight.)

Sailor Moon "AAH! Moonlight Knight, watch out!"

(He sees the lion coming and leaps into the air to avoid the pounce. At the same time, he pulls out a knife.)

Moonlight Knight "Monster from the Negaverse, I banish you!"

(He throws the knife at the energy-draining wheel, shattering it.)

Moonlight Knight "End o' the line, kitty cat!"

(The lion, his wheel shattered, is shocked unconscious. The Moonlight Knight returns to his perch.)

Sailor Moon "Oh, Moonlight Knight. Oh...how can I thank you?"

Moonlight Knight "Your beautiful smile is thanks enough, Sailor Moon. It's as beautiful as the moonlight. See you again."

(He disappears.)

Sailor Moon "He's way sweeter than Tuxedo Mask."

(All is quiet. Soon, Sailor Jupiter regains consciousness and sits up with a major headache.)

Sailor Jupiter "What happened with the lion?"

(Sailor Moon is still staring up at the tree. Just then, the lion gets back up, groggy but still able to attack.)

Sailor Jupiter "Sailor Moon! The lion!"

(Sailor Moon turns.)

Sailor Moon "Huh?"

(The lion catches her off guard. She's pinned to the ground.)

----- **Commercial Break** -----

Sailor Jupiter "Fight him, Sailor Moon!"

(He headbutts Sailor Moon, knocking her out. Sailor Jupiter has to do something fast.)

Sailor Jupiter "Hey, fur-face! You hear me?! Back off!"

(But he stays put.)

Sailor Moon "Sailor Moon, wake up please."

(Sailor Jupiter manages to stand up. Sailor Moon wakes up and screams as she remembers her plight.)

Sailor Jupiter "Sailor Moon...and Ken, my best friend."
"I'll never forgive for what you've done."

(She sets up her best shocker.)

Sailor Jupiter "Guardian Jupiter, bring stormclouds, bolts of lightning, wind and fire! **JUPITER THUNDER CRUSH!**"

(The extreme blast of lightning toasts the lion. He reverts to the card, which fades to black.)

Sailor Moon "Oh..."

(Sailor Jupiter, exhausted, falls to her knees.)

Sailor Moon "Huh? Sailor...Jupiter..."

(She rushes to help.)

Sailor Jupiter "I'm all right. Really, I am. Just need a...a little rest."

(She's all right. Sailor Moon hugs her.)

Sailor Moon "Oh, I'm just glad you're okay."

(Meanwhile, the other Scouts are waking up, too.)

Sailor Mars "So, did we miss all the fun?"

(A few days later, Ken is released from the hospital, and Lita, Serena, and Amy watch him leave the hospital with his mother.)

Amy "So, Ken's going home. I'm glad he's finally getting better."

(Lita agrees.)

Serena "Whatcha waiting for? Aren't you going to his welcome home bash, huh, Lita?"

Lita "No, I'm not. You know how Ken always used to watch over me. Well, today, I think I'm gonna watch over him."

(That night, Serena contemplates about Lita and Ken's friendship.)

Serena *"Oh boy. It's really something between Lita and Ken. Hmm. It makes me wonder. Can a boy and a girl really be just friends?"*

(She mentally chuckles. She then thinks about something else.)

Serena *"Oh, the Moonlight Knight. Oh, he must be Prince Darien, but where did he come from? And why is he here? I just don't get it."*

(Luna interrupts her thoughts by holding up a book.)

Serena *"Oh..."*

Luna *"Yoo hoo. Serena? Remember this book? It's called mathematics, and you have a very big test tomorrow."*

Serena *"Ooh! Ew!"*

(Numbers! Figures! Algebra! YUCK!)

Serena *"Math's too HARD! It's about as easy as figuring out Tuxedo Mask and Moonlight Knight! Can't do it!"*
