

## TRANSCRIPT FOR

### Sailor Moon - Episode 75: "Future Shocked"

*(Rini stands with the Luna Ball at a fountain, in the same park in which she literally fell into the twentieth century. This time, with new resolve and a new goal, Rini is ready to use the Crystal Time Key in her hand to begin her journey back to the future...and she won't be going alone.)*

**Rini** "I was so excited when the Sailor Scouts said they'd come to the future to save my mom, but all those nasty people from the Negamoon are there. Maybe this isn't such a good idea."  
"Mommy, please tell me what I should do."

*(Soon, someone joins Rini at the fountain. It's Darien, the first person she had befriended...and one of the two she had fallen on top of originally.)*

**Darien** "Hey, squirt."

*(Rini turns.)*

**Rini** "Hi, Darien."

**Darien** "What are you doing here all by yourself? I thought we were on our way to the future."

**Rini** "Hmm, yeah, but..."

*(She sighs. She is having second thoughts, but...)*

**Darien** "Oh, Rini..."

*(He squats down to speak to her face to face.)*

**Darien** "I know this must be really scary for you, but you're not going to save your mom by just standing there. You've gotta have faith: both in your own special powers and the powers of your friends."

**Rini** "Hmm..."

**Darien** "Come on. The Sailor Scouts are waiting for us. Let's all go to the future together and save your mother."

**Rini** "Hope you're right."

**Darien** "Ready?"

**Rini** "Yeah."

---

*(Luna, Artemis, and all five of the Sailor Scouts are waiting at the boat dock: the very point where Rini's present-day journey began. The situation this winter morning is a little tense.)*

**Sailor Venus** "Rini's late. I don't like this."

**Sailor Mars** "Sailor Moon, didn't you leave the house together?"

*(Sailor Moon is sitting down.)*

**Sailor Moon** "Hmm, yeah, we did, but she said she had something she forgot to do."

*(She stands.)*

**Sailor Mercury** "Too much time has passed. Something's wrong."

**Sailor Venus** "I'll go look for her."

**Sailor Jupiter** "Okay, I'll go with you."

**Tuxedo Mask** "That won't be necessary."

*(Tuxedo Mask has arrived, and there's Rini right at his side.)*

**Tuxedo Mask** "She's right here and ready to go to the future."

**Sailor Moon** "Hey Rini, you haven't changed your mind?"

**Rini** "You kidding? I wanna see my mom more than ever."

**Artemis** "So, great! What are we waiting for?"

**Luna** "Well, Rini, I guess it's up to you now."

**Rini** "Okay."

*(Rini and Tuxedo Mask step forward. Rini raises the Crystal Time Key.)*

**Rini** "Guardian of Time, open the gates to the future! Open them now so I can save my mommy! **MOON CRYSTAL KEY, TAKE ME BACK TO THE FUTURE!**"

*(Upon Rini's command, the very space around her begins to warp.)*

**Rini** "And my friends, too! You gotta work! We gotta save my mommy from those Negamoonies! My mommy's counting on us!"

*(Everyone's hair is floating up from the energy of the Key. Soon, a pink glow suffuses the whole area.)*

**Rini** "Take us home to my future!"

*(And then, there is a frozen moment as the ice of the frozen lake shatters and lifts into the air for an instant. Then, just as suddenly, the ice falls back into the lake. Where Rini, Tuxedo Mask, and the Sailor Scouts once were, only empty air remains.)*

-----  
*(Sailor Moon emerges to find herself alone, somewhere in a place full of fog and beyond imagination.)*

**Sailor Moon** "Are we in the future? Where are the others?"

*(Soon, something begins to appear out of the mist.)*

**Sailor Moon** "What is that?"

*(Then...)*

**Voice** "Don't move, trespasser!"

*(Sailor Moon stands still. The voice, however, sounds familiar. It should be. In front of Sailor Moon now, still partially shrouded by the fog, stands a woman with a large key.)*

**Sailor Pluto** "I am the Guardian of Time. Only those deemed worthy of admittance are allowed here! You are not worthy!"

**Sailor Moon** "Huh?"

*(The key swings out of the fog, and Sailor Moon falls on her rear avoiding the attack.)*

**Sailor Moon** "Wait a minute! I can explain!"

**Sailor Pluto** "Too late, trespasser!"

*(The key swings ominously down again, but just then...)*

**Rini** "STOP! Luna-P!"

*(It's Rini! She steps in front of Sailor Pluto and stops her.)*

**Sailor Pluto** "Small Lady..."

*(The fog clears...)*

**Sailor Pluto** "Sailor Moon, my apologies. The fog hid you."

*(...and Sailor Moon can finally identify her once-aggressor.)*

**Sailor Moon** "It's you...Sailor Pluto!"

*(Sailor Moon looks around. Everyone else is here. Apparently, they had all arrived but had simply been unable to see each other in the now-thinning fog.)*

**Sailor Moon** "Oh, everyone's here."

*(Indeed, the large object once shrouded in the mist is in fact a large doorway: the Gate of Time. Sailor Pluto turns to Rini.)*

**Sailor Pluto** "Please explain."

*(It seems it's due. This much company was unexpected.)*

**Rini** "Don't be mad. This is all my fault. I know you said I'm only supposed to come alone...but...I need all the help I can get...to rescue my poor mommy!"

**Sailor Pluto** "Don't you worry."

*(Sailor Pluto raises a hand. Rini cringes as if she's expecting a slap...but instead, Sailor Pluto simply rests that hand on her head. Rini gasps then looks up again.)*

**Rini** "Then...you're not gonna be angry with me?"

**Sailor Pluto** "Small Lady, you made it here because you finally learned to use the Time Key. That's a great achievement. I'm proud of you."

**Rini** "Oh..."

*(Sailor Pluto turns to the others.)*

**Sailor Pluto** "And now, for the rest of you. I must apologize. I mistakenly attacked you, but believe me, I'm very grateful for you helping Small Lady."

*(Sailor Moon is a little dumbstruck.)*

**Sailor Moon** "Huh?"

**Sailor Pluto** "And you, Sailor Moon, I can only hope that you will accept my sincere apologies."

*(Sailor Moon is still dumbstruck.)*

**Sailor Moon** "Huh?"

*(Sailor Pluto now turns toward the doorway.)*

**Sailor Pluto** "Now it's time for you to continue your journey. Beyond this gate is a void, and then beyond that..."

*(Sailor Pluto raises her key.)*

**Sailor Pluto** "...the Cosmic Time Warp!"

*(The power of Sailor Pluto's key unlocks the Gate of Time. It slowly opens. Sailor Pluto turns once again to Sailor Moon and company.)*

**Sailor Pluto** "It's very powerful and very dangerous. You must be careful, or you could end up anywhere."

**Rini** "Thank you, Luna-P."

**Sailor Pluto** "Now take each other's hands, and hold on tight!"

*(Rini takes hold of Sailor Moon with her left hand and Tuxedo Mask on the right. Luna is in Tuxedo Mask's right arm and Artemis on his left shoulder. The other Sailor Scouts all join hands as well.)*

**Sailor Pluto** "If you get separated, you could be lost forever. Once you're in the Time Warp, start concentrating hard on your destination. That's how you'll find your way to Small Lady's future."

**Sailor Mercury** "Sailor Pluto, can't...you come with us?"

*(Sailor Pluto shakes her head.)*

**Sailor Pluto** "My duty's here, guarding the Gate of Time. Please protect Small Lady for me. This is a dangerous venture."

**Artemis** "You can count on us."

**Rini** "Goodbye...Luna-P."

*(And they all leap through the Gate. As Sailor Pluto and the Gate drift out of view...)*

**Luna** "Poor Sailor Pluto. I heard about her long ago from Queen Serenity: a solitary soldier guarding the Gate of Time for all eternity."

**Sailor Mars** "What a responsibility!"

**Luna** "Very few people have ever had the chance to meet her."

**Sailor Venus** "And what a lonely life."

**Sailor Jupiter** "Then I guess we're very priveleged, aren't we?"

**Sailor Mercury** "Goodbye, Sailor Pluto."

*(The Gate of Time slowly closes, and the solitary soldier disappears from view.)*

**Artemis** "Hey look! That must be the entrance to the Time Warp!"

*(Back in that limbo, the fog rolls in again. Sailor Pluto is once again alone.)*

-----  
*(Within that void beyond the Gate, a crystalline hall comes into view...)*

**Luna** "Hold on, everyone! Start concentrating on our destination!"

*(As they land, a strong force immediately pulls at them.)*

**Sailor Mars** "It's hard to breathe with all this pressure!"

**Sailor Mercury** "Hope we don't have to be in here long!"

**Tuxedo Mask** "Focus on the future!"

-----  
*(Speaking of the future, at the palace of Prince Diamond...)*

**Sapphire** "We've got visitors in the Cosmic Time Warp."

*(It seems their journey is being watched.)*

**Sapphire** "Someone's just activated an old passage that the Queen used to use into her castle. Do you think it's her brat Rini?"

*(Emerald appears.)*

**Emerald** "Who else would use that route?"

**Sapphire** "She didn't come alone. She brought several others with her."

*(What? Multiple travelers?)*

**Emerald** "Hmm..."

*(Can only mean one thing.)*

**Prince Diamond** "Hmm, maybe the Sailor Scouts. The Wise Man would know."

*(The Wise Man appears at the mention of his name.)*

**Wise Man** "As you can see, she's brought all her allies."

*(The Wise Man's crystal ball indeed confirms Diamond's suspicions.)*

**Wise Man** "We can turn this to our advantage, Prince. I know we can bring Small Lady over to our side. Hm hm hm..."

**Emerald** "Heh...that annoying twit? Why would we want HER?"

**Wise Man** "She'll be our most powerful weapon once we capture the Silver Crystal and imbue it with the Negaforce."

*(Prince Diamond, however, is noticing someone else in the Crystal Ball: Sailor Moon. Something about her looks familiar.)*

**Prince Diamond** "Her eyes...so beautiful. Sailor Moon? Exquisite."

*(Sapphire's concerned about that look in his brother's eyes.)*

**Sapphire** "Your Highness?"

**Wise Man** "Small Lady's vital. We must capture her now!"

*(And he disappears. Prince Diamond turns.)*

**Prince Diamond** "Emerald, you must capture them both, but bring them back unharmed, and I'm warning you. If you fail at this, I won't forgive you."

*(Hmm? Both?)*

**Emerald** "But why Sailor Moon?"

**Prince Diamond** "I want to look into those beautiful blue eyes in person."

*(Sapphire was afraid of this.)*

**Sapphire** "Your Highness..."

**Prince Diamond** "That'll be all. Now do it!"

*(And he turns around and disappears...)*

**Sapphire** "I don't like this. First, the Wise Man fills Diamond's head with these crazy stories about the Silver Crystal and bringing this brat over to our side, and then, he's all excited about seeing Sailor Moon. I mean, who needs her?"

**Emerald** "Are we having a bout of jealousy, Sapphire? Actually, it's probably with good cause. Prince Diamond has big eyes for Sailor Moon."

**Sapphire** "It's that creepy old Wise Man I'm worried about."

**Emerald** "Well, you fret over the old man, and I'll take care of that brain-waste Sailor Moon. I'll think I'll leave her in the Time Warp."

*(And she chuckles. Apparently, Emerald has a different plan in mind.)*

----- **Commercial Break** -----

*(Sailor Moon and company are slowly walking along the crystalline corridor in the Cosmic Time Warp. It hasn't been easy. The strain of the warped space is taking a toll on all of them.)*

**Sailor Jupiter** "This pressure's almost unbearable!"

**Sailor Moon** "We can't take much more!"

**Tuxedo Mask** "You've got to, Sailor Moon!"

**Sailor Moon** "I'll try!"

**Rini** *"Concentrate on the future. We have to get home to my mommy. I'm counting on you to save her. You can't give up now! Oh please, you can't!"*

*(Rini's grip is slipping.)*

**Sailor Moon** "Hang on tight, Rini! We'll get there!"

*(Sailor Moon quickly readjusts the slipping grip, holding onto Rini more tightly.)*

**Rini** *"I have to believe in her. She can do this. Please, Sailor Moon?"*

*(Then, of all the times...that laugh!)*

**Emerald** "Ah ha ha ha! Well, look who's here? I really hope you like this Time Warp..."

**Sailor Venus** "Emerald!"

**Emerald** "... 'cause you're gonna be here for a long time!"

*(And she launches an energy bomb from her fan! The blast knocks all of them into the air. Their grips slip! They disappear!)*

**Emerald** "Oh...there, that should keep them busy. Djinni of the Time Warp!"

*(The Djinni appears.)*

**Djinni** "Yes, Madam?"

**Emerald** "You know the Time Warp better than anyone. I want you to make sure those Sailor sims are lost forever: all but Small Lady."

**Djinni** "Right."

**Emerald** "Bring her here. Prince Diamond is very interested in her."

**Djinni** "Consider it done. Now..."

*(And she flies off into the Time Warp to wreak her havoc.)*

**Emerald** "Oh dear silly old me. How could I forget about Sailor Moon? Poor little meatball-head's gonna be lost in the Time Warp. Oh, well, how dreadful..."

*(She chuckles, and we have to reply "Yeah...right.")*

-----  
*(Elsewhere...)*

**Sailor Mars** "Is everyone okay?"

*(The Sailor Scouts are here, but...)*

**Sailor Moon** "Rini and Tuxedo Mask are missing."

**Sailor Mercury** "More bad news: Luna and Artemis are gone, too. They could be anywhere in time and space."

**Sailor Jupiter** "Remember what Sailor Pluto said about focusing."

**Sailor Venus** "Always on our destination. Maybe if Rini and Tuxedo Mask do the same thing..."

**Sailor Moon** "If I'd only just held on to her. This is all my fault."

**Sailor Mars** "Well, let's not waste time discussing it. Let's concentrate on Rini's home like Sailor Pluto said. I bet we'll find her."

**Sailor Mars** "You think?"

**Sailor Moon** "Hey, it beats hanging around this Time Warp."

*(Suddenly, the Moon Crystal Locket begin to act strangely, the Crystal emitting a bright pink glow.)*

**Sailor Moon** "Hey, what's happening? The Silver Crystal's..."

*(Somewhere else in that blackness, a similar glow responds.)*

**Sailor Venus** "What?! Look at that! What's that light?"

**Sailor Mercury** "How strange. It's pulsing exactly in sync with the Silver Crystal. What do you suppose it means, Sailor Moon?"

**Sailor Moon** "Who cares, as long as it leads us to Rini."

**Sailor Venus** "Good thinking, Sailor Moon! It's worth a try."

**Sailor Jupiter** "Let's go!"

**Sailor Scouts** "Right!"

*(And they follow the strange beacon.)*

-----  
*(Elsewhere, Tuxedo Mask, Luna, and Artemis try to solve the same problem the Sailor Scouts are facing.)*

**Tuxedo Mask** "Where are we?"

**Luna** "I have no idea."

**Artemis** "How are we ever going to find the others?"

**Luna** "Don't know. This is just what Sailor Pluto said."

**Tuxedo Mask** "Let's start looking before they get too far away."

*(But then...)*

**Voice** "Wait!"

**Tuxedo Mask** "Who's there?!"

*(The voice emits from a particular direction.)*

**Voice** "That's the wrong way! Go this direction!"

*(They all turn around.)*

**Voice** "Hurry!"

**Artemis** "Who's this guy?"

**Luna** "Could be a trap."

**Tuxedo Mask** "Don't think so, Luna. The voice is familiar, and I trust him, so come on."

*(And they start on their way.)*

---

*(Rini, meanwhile, has ended up in a third location: this one full of dead trees and emptiness.)*

**Rini** "Help! Where is everyone? I'm all alone. What'll I do now? I hate being alone."

*(The Luna Ball floats to Rini's arms, and she clutches it. Then, she gasps. Something's there.)*

**Rini** "It's the portal to the future. I should go on alone...but I know...I can't save Mommy all by myself. Oh Luna-P, what do I do?"

*(Suddenly...)*

**Voice** "It's okay. Mommy's here. Poor brave darling..."

*(Someone's in the distance, and she looks familiar.)*

**Queen** "Small Lady..."

*(She gasps.)*

**Rini** "Mommy!"

*(The figure turns. Rini runs toward her in relief.)*

**Rini** "Mommy..."

*(But then...)*

**Rini** "Wait!"

*(...as she gets about ten feet away, Rini suddenly stops. A reality check brews in her head.)*

**Rini** "Hmm, you're not my mommy. Who are you?"

**Queen** "I'm your mommy, of course."

*(Rini's buying it less and less.)*

**Rini** "It's a trick! You're not my mommy! She never calls me Small Lady!"

*(The cover's blown!)*

**Djinni** "Think you're clever, don't you, kid? Well, not clever enough to escape me!"

*(It's the Djinni, all right.)*

**Djinni** "See, kid, I'm the Djinni of the Cosmic Time Warp, and I know it inside and out! let's see, what shall I do with you."

*(Rini tries to move...but she finds herself paralyzed with fear.)*

**Rini** "My body won't move. She's going to catch me, and I can't do anything about it. I'm sorry, Mommy. I'm sorry."

*(But what did Darien say?)*

**Darien** "Ah, Rini...You're not going to save your Mom by just standing there."

*(Djinni reels back...)*

**Rini** "You're right, Darien. I've gotta do something!"  
"Luna-PI!"

*(The Luna Ball flies forward and strikes Djinni right in the face. Djinni stunned for a moment, Rini uses the ball's magic.)*

**Rini** "**LUNA SPHERE KITTY MAGIC!**"

*(The Luna Ball turns into a slingshot. She pulls back and lets loose. Several colorful flashers strike.)*

**Rini** "Got ya!"

*(But Djinni is still there.)*

**Djinni** "Hm hm hm. Bet you have fun with that out in the playground in kindergarten. You'll need more than a toy to stop me. It's bedtime, baby. Let me tuck you in."

*(Djinni begins to extend her hair at Rini.)*

**Sailor Moon** "Stop right there!"

*(Djinni turns. This was unexpected.)*

**Sailor Moon** "Why don't you try picking on someone your own size, marshmallow-brain?"

**Djinni** "So, you dolts managed to get through the Time Warp."

**Sailor Moon** "Of course. We're the Sailor Scouts. And when our friends are in trouble, we're there for them! In the name of the Moon, I fight for love and for justice, too! I am Sailor Moon! You may be a djinni, but you'll be the one wishing now!"

**Djinni** "Yeah right. This Time Warp isn't big enough for the two of us! Yeah, Sailor bimchette, just try it!"

*(What does the Djinni have planned?)*

----- **Commercial Break** -----

*(Djinni's attack envelops the Sailor Scouts, but when it disappears, there are no obvious effects.)*

**Sailor Jupiter** "I don't get it. What did she just do?"

**Djinni** "I've made it so time can run backwards or forwards."

*(Sailor Mercury tries to figure it out with her VR visor and Mercury Computer.)*

**Sailor Mercury** "We're in big trouble here!"

**Sailor Mars** "Won't be when I'm done!"

**Sailor Mercury** "No, wait!"

**Sailor Mars** "**MARS CELESTIAL FIRE SURROUND!**"

*(Mercury had been trying to warn her. With her ability to warp time, the Djinni can make the Scouts' attack fly in reverse!)*

**Sailor Mars** "Oh no! What's going on?!"

*(And she gets out of the way.)*

**Sailor Mercury** "She's reversed time to turn your power back on you!"

**Djinni** "Hm hm hm..."

**Sailor Jupiter** "Come on now, Venus!"

**Sailor Venus** "Yeah!"

**Sailor Jupiter** "Deal with this! **JUPITER THUNDERCLAP ZAP!**"

**Sailor Venus** "**VENUS LOVE CHAIN ENCIRCLE!**"

**Djinni** "Ha ha . Pathetic."

*(She reverses the twin attack and forces Jupiter and Venus to duck. Meanwhile, Sailor Mercury tries to get more information.)*

**Sailor Mercury** "I've got it. The normal flow of time is restored for a second after she uses her power. That's when we've got to strike."

**Sailor Venus** "Okay, I'm ready."

**Sailor Mars** "I'm ready, too, Sailor Mercury. Anytime you are! Let's do it!"

**Sailor Jupiter** "That sounds good to me!"

**Sailor Moon** "Me too, but how do we get her to use her power again?"

*(Rini steps forward.)*

**Rini** "That's my job! Leave it to me!"

**Sailor Moon** "Rini, no!"

**Sailor Mars** "It's too dangerous!"

*(But Rini charges anyway.)*

**Rini** "I don't care!"

**Djinni** "What's that hyperactive brat think she's doing?"

**Rini** "Darien, I trust in my powers. I trust in my friends."

**Djinni** "Oh, save me. What are you gonna do, superkid? Stick gum in my hair?"

*(Rini continues her advance.)*

**Djinni** "Ooh, I'm shaking. The kid's got me cornered!"

*(Rini dives at Djinni, then twists to avoid Djinni's long fingernails. She never saw this diversion coming!)*

**Rini** "Okay, Sailor Scouts, get her!"

**Sailor Mars** "**MARS STAR POWER!**"

**Sailor Mercury** "**MERCURY STAR POWER!**"

**Sailor Jupiter** "**JUPITER STAR POWER!**"

**Sailor Venus** "**VENUS STAR POWER!**"

**Sailor Moon** "**MOON CRYSTAL POWER!**"

*(Djinni turns back towards Rini, not realizing what the Sailor Scouts are doing. Then, her Crescent aglow, Rini pulls back on her slingshot...and launches one more flasher right in Djinni's face!)*

**Djinni** "Ouch! Kid's given me a headache! You'll pay for that!"

*(And she tries her time warp! Just before Rini can be affected, Tuxedo Mask arrives and plucks Rini out of danger...)*

**Rini** "Just in time, Tuxedo Mask!"

*(...but Rini had done it. The second is there!)*

**Tuxedo Mask** "Now, Scouts!"

**Sailor Scouts** "**SAILOR PLANET POWER!**"

*(The timing couldn't have been any better. Unable to summon her time warp power at that moment, the Djinni of the Cosmic Time Warp is dust!)*

**Sailor Scouts** "All right!"

**Tuxedo Mask** "Rini, you're very brave."

**Rini** "Thanks."

**Tuxedo Mask** "Now, maybe, we'll get to the future."

*(For sure, Rini's the girl of the hour.)*

**Luna** "We're all so proud of you."

**Sailor Venus** "Way to go, girl!"

**Sailor Mercury** "Not bad."

**Artemis** "Now let's get this show on the road!"

---

*(The Gate of Time slowly swings open. What they see on the other side...is not pretty.)*

**Sailor Moon** "What IS this?"

*(Okay, I'll tell you. They HAVE arrived in the future, and this IS Crystal Tokyo...or should I say...what's LEFT of it.)*

**Sailor Moon** "This is our future?!"

*(Except for the very center, the entire city's leveled.)*

**Sailor Moon** "Hey, anyone for going back home? I think I'd rather study for that math final."

*(Just what happened to this once-beautiful city? There is someone in this city who can answer that. Listen to his words and you will soon learn about the rise of Crystal Tokyo and of...the **Legend of the Negamoon.**)*
