

## TRANSCRIPT FOR

### **Sailor Moon - Episode 77: "Jealousy's Just Reward"**

*(Thirtieth-century Crystal Tokyo stands still: as still as the Crystal Palace in its heart.)*

**Sailor Venus** "So this is...the Crystal Palace?"

*(The King of the Earth, Darien's future self, has taken our present-day heroes to the palace.)*

**Sailor Jupiter** "It's so eerie and quiet. Gives me the creeps. The people from the Negamoon must be unbelievably powerful to put everybody here to sleep."

**Luna** "And if the palace had been properly protected by the Silver Crystal, there should've been a lot less damage. I don't understand what happened."

**Artemis** "Me neither. Do you think something's wrong with the Silver Crystal here in the future?"

*(Rini's Luna Ball bounces on the floor. The talk about the Crystal in the future has Rini worried for some reason. Sailor Mercury quickly picks it up.)*

**Sailor Mercury** "Here you go, Rini. You okay?"

**Rini** "Huh?"

*(She takes the ball again.)*

**Luna** "I sure hope Tuxedo Mask was able to rescue Sailor Moon from that Diamond twerp."

**Sailor Mars** "I say we all go find them!"

**King of the Earth** "No, wait."

*(The image of their guide appears once more.)*

**Sailor Venus** "It's the king..."

*(He approaches a control panel. A screen displays an image of Sailor Moon and Tuxedo Mask quickly heading their way to Crystal Palace.)*

**King of the Earth** "No need, Sailor Mars. Sailor Moon and Tuxedo Mask have escaped. Look."

**Everyone** "Sailor Moon!"

*(The two soon themselves arrive at the palace. Everyone is there to welcome them. The Sailor Scouts all embrace.)*

**Sailor Scouts** "Sailor Moon! Are you okay?"

**Sailor Moon** "Oh guys, I missed you, guys: Jupiter, Venus, Mercury, Mars."

**Sailor Mars** "Enough bawling, you big meatball-head! We've got a big fight ahead!"

*(Tuxedo Mask looks at the image of his future self. The king looks back.)*

**Sailor Moon** "Have a heart, Sailor Mars!"

**Sailor Jupiter** "Really. Be nice."

**Sailor Venus** "Come on, Mars. Back off!"  
**Sailor Mercury** "Sailor Mars..."

**Sailor Mars** "Someone's gotta whip the whiner into shape!"

*(Rini watches this happy reunion.)*

-----  
*(With everyone together again, the king takes them into the heart of the palace.)*

**Sailor Moon** "Is that...?"

**King of the Earth** "Yes, the Queen of Crystal Tokyo: Neo-Queen Serenity, my wife."

*(Imprisoned both in quartz and in slumber.)*

**Sailor Moon** "She looks...dead."

**King of the Earth** "She's been like that for a month now. I don't know if she hears me at all. There's no response."

*(Rini rushes past them and approaches her mother.)*

**Rini** "Mommy! Mommy, I brought Sailor Moon and the other Sailor Soldiers from the past..."

*(Tears are in her eyes.)*

**Rini** "...to help us. Mommy, please, open your eyes."

*(Neo-Queen Serenity lies silently. There is no answer.)*

**Tuxedo Mask** "Diamond put her to sleep, just like everybody else?"

**Sailor Venus** "Yeah, I don't get it. What about the Silver Crystal?"

**King of the Earth** "Good question. I'm sure it would've protected her had we access to it, but the truth is, the Silver Crystal has completely vanished."

*(That bit of news makes Rini gasp.)*

**Sailor Jupiter** "Vanished?! How?! What happened?!"

**King of the Earth** "I have absolutely no idea. It disappeared just before the Negamoon Family attacked us."

*(For some reason, tears are forming in Rini's eyes again as she hears word after word being spoken. What is it that's making her cry like this?)*

**King of the Earth** "It's a complete mystery."

**Sailor Mars** "But Sailor Moon's Silver Crystal's the same stone. Shouldn't it work?"

**Sailor Moon** "Huh?"

*(She's not so sure because...)*

**Sailor Moon** "It didn't work against Prince Diamond, but maybe it can awaken Queen Serenity. You think?"

**Luna** "Give it a try!"

**Artemis** "Yeah, go for it!"

**Tuxedo Mask** "Come on, Sailor Moon! Give it a whirl!"

**Sailor Moon** "Okay!"

*(She turns to her future self and raises the locket.)*

**Sailor Moon** "**MOON CRYSTAL POWER!**"

*(The Crystal radiates its bright pink light, which shines over the ensorcelled queen. Rini watches in anticipation. However, after some time, it becomes clear that it isn't working.)*

**Sailor Mercury** "She didn't react at all!"

**Rini** "It's hopeless. If Sailor Moon can't bring her back, then no one can!"

*(And she runs away in tears. Meanwhile, the other Sailor Scouts hurry to catch Sailor Moon as she collapses from the strain. However, they quickly turn as if to go after Rini.)*

**Sailor Moon** "Rini!"

*(Tuxedo Mask stops them, though.)*

**Tuxedo Mask** "Let her go! The poor thing's been through so much, and anyway, she's safe here in the palace."

*(Elsewhere, Rini sobs.)*

**Rini** "Oh Mommy, why won't you wake up? Mommy..."

*(She finds herself in a ruined playground outside the palace. She sits on the only swing still standing, the Luna Ball in her lap.)*

**Rini** "Mommy...I wish you can tell me what to do."

*(Just then, an evil laugh echoes throughout the playground. Rini looks all around her and finally sees the source of the voice appear in the eternally-dark sky. It's the Wise Man.)*

**Wise Man** "So, finally we meet, Small Lady. How fortuitous. Come to me, child."

*(The Wise Man raises a finger at Rini in a gesture of calling.)*

**Wise Man** "Don't run. I'm your destiny."

*(Rini tries to take off...but she finds herself suddenly paralyzed.)*

**Rini** "Oh no! I can't move!"

**Wise Man** "Ha ha ha! No you can't. Stop resisting. It's utterly futile."

*(The environs turns even darker as the Wise Man begins to weave his evil magic.)*

**Wise Man** "Now, let me probe into your mind. There's much latent fear there. Your memory of the Silver Crystal is faint, but a small corner of your mind remembers what happened to it."

*(Suddenly, able to move again, Rini drops the Luna Ball and covers her ears as the memories flood back into her.)*

**Rini** "Oh no! STOOOP!"

*(She remembers...)*

**Rini** "My mommy's the prettiest, nicest, most wonderful mommy on Earth. Everybody loves her."

**Voices** "Rini, you pest! Look what you've done now!"  
"You wanna be like your mother, you'd better start behaving yourself!"

*(It seems Rini's status as the princess put a lot of stress on her. Even the littlest of things, like accidentally dropping a vase of flowers, brought much criticism.)*

**Rini** "Hmph. Says who? You?"

*(Her attitude and smart mouth was the result of coping with all the criticism.)*

**Voice** "Hey, come back!"

**Rini** "I'm gonna be a real lady, just like mommy, and I know just how to do it. I'll borrow Mommy's magic crystal."

*(Where is she going? To the Crystal Chamber. There it is, the Crystal of the future.)*

**Rini** "I won't be long."

*(She raises the Luna Ball to the lock. The Luna Ball flashes its eyes.)*

**Rini** "I'll bring it right back."

*(The light triggers a sequence and allows access to the Crystal. She picks it up.)*

**Rini** "Just a few minutes to let its magic work on me and turn me into a real lady like mom."

*(Then, suddenly, the crystal flashes intensely.)*

**Rini** "AH! NO, WHAT'S HAPPENING?!"

*(When the light disappears...so does the Crystal!)*

**Rini** "PLEASE DON'T DISAPPEAR!"

*(And almost as if on cue, the city experiences a force never felt before. Neo-Queen Serenity quickly tries to find her daughter.)*

**Neo-Queen Serenity** "Rini, where are you?"

*(Just then, one of those bolts tries to take the queen. That was when the Sailor Scouts erected the quartz shield to protect her.)*

**Rini** "Mommy! Daddy!"

*(Meanwhile, the King of the Earth tries to figure out what's happening when a massive explosion in the control room wounds him. Rini sees it all once again and knows once again how it all started.)*

**Rini** "NOOOO! MOMMY! DADDY!"

*(And now, the Wise Man knows, too.)*

**Wise Man** "So, now I see what happened. You weren't supposed to touch the Silver Crystal, were you? You've been trying to forget all about it, haven't you? Just blot it out of your mind!"

*(Rini shakes her head in denial, though the Wise Man's words ring in her head anyway despite her hands covering her ears.)*

**Rini** "That's not true! It wasn't my fault!"

**Wise Man** "Do you really believe that, Small Lady?! What would your friends say?!"

**Rini** "Huh?"

*(Rini then imagines what they would say if her dark secret was ever discovered.)*

**Sailor Moon** "Fess up, brat! It's all your fault!"

**Sailor Jupiter** "You know you're not supposed to mess with the Silver Crystal!"

**Sailor Venus** "Your mom's lying there 'cause of you! She left the safety of the palace to find you!"

**Sailor Mars** "And that's when her enemies attacked her!"

**Sailor Mercury** "It's all your fault!"

**Rini** "Stop it! No!"

**Sailor Scouts** "It's all your fault! You're to blame!"

**Rini** "You can't blame me! I didn't do it on purpose! It just happened! All I did was touch it! You gotta believe me!"

**Sailor Scouts** "You're to blame!"

*(She recalls again...)*

**Neo-Queen Serenity** "Rini, are you there?"

*(...when her mother went outside to search for Rini...the moment when she was trapped in crystal...)*

**Rini** "No, it's not my fault! AH!"

**Wise Man** "Of course not! They're being very cruel blaming you, saying it's all your fault. I think I can help you make them see how wrong they are!"

*(Rini turns around. Wise Man's plan is becoming clear, and he's a master manipulator, it seems.)*

**Rini** "You'd make them stop blaming me for it? Why would you do that for me?"

**Wise Man** "Dear child, you simply made a mistake."

*(He extends his hand.)*

**Wise Man** "Come with me. Together, we'll make them understand!"

*(Rini steps forward, knocking the Luna Ball aside, and takes the Wise Man's hand.)*

-----  
(Meanwhile, in the Dark Crystal chamber, the crystal's heart takes on a pink glow. Emerald is curious.)

**Emerald** "Wow, what's going on? The Black Crystal's energy absorption indicator's really going ballistic!"

**Sapphire** "I think we've got a potential bomb on our hands."

**Emerald** "Huh?"

**Sapphire** "Diamond doesn't understand how volatile or fragile the Dark Crystal is. The Wise Man's egging him on. The Crystal could blow anytime. The prince better watch out for the old coot. He's got his own agenda."

**Emerald** "Ha ha ha! Sapphire, give me a break. If you could hear yourself, you sound so paranoid! You don't need to worry about Diamond. He knows exactly what he's doing."

(Speaking of Prince Diamond, here's his image now.)

**Prince Diamond** "Emerald, what's the status on the Black Crystal's energy absorption indicator?"

**Emerald** "Prince Diamond, we shouldn't be hasty but be more cautious in putting new energy into the crystal. It might explode, Prince Diamond."

(The image disappears. Emerald gasps.)

**Emerald** "Wait!"

**Sapphire** "Lovesick fool won't listen to anybody! He's so gaga over that idiot Sailor Moon, he doesn't know backwards from forwards. He's not only dangerous to himself but to our cause."

(Emerald throws down her fan in anger.)

**Emerald** "Stop it! How could you possibly believe that my Prince Diamond could fall for that sniveling little air-puffed space case?! Get real, Sapphire! She's the enemy! So I admit it. Diamond's been acting more than a little weird lately, but that's just because...he's got so much on his mind! I'll take care of the Wise Man and that little twit! Just let her try to move in on my Prince Diamond! Ha ha ha!"

----- **Commercial Break** -----

(A fierce snowstorm now grips the city. Within the black, crystalline fortress that is the Earth base of the Negamoon Family...)

**Emerald** "Wise Man, where are you? Answer me!"

(A childish giggle can be heard in the background.)

**Emerald** "Who is that, hmm?! Show yourself! There should not be anyone here in this place! Who are you?!"

(A column of light appears on the floor...)

**Emerald** "Wise Man!"

(...and the Wise Man rises from that column of light.)

**Wise Man** "Hello, Emerald. I don't need a crystal ball to see how angry you are, or how jealous. Beware those emotions. They could lead you to disaster."

**Emerald** "Believe me, Wise Man, no petty emotion rules my destiny, but enough on that. I came to ask for your help. I will be organizing an attack on Crystal Palace. To defeat them, I must have our strongest powers. Don't try to deny me. I know you have the authority to do this."

**Wise Man** "And does this order come from the prince?"

**Emerald** "No, but I believe he would agree to anything to get Crystal Palace. Hmm?"

**Wise Man** "I'm receiving an image. I'm seeing the queen who will reign over us in the future: tall, fair-haired, as beautiful as she is powerful, and loved by her king."

*(The image on the crystal ball forms. Emerald's eyes widen. She can only see one woman fitting that mold.)*

**Emerald** "Me?"

**Wise Man** "There is really little difference between you and Neo-Queen Serenity. With help from the Dark Crystal, you could surpass her, and your wish to be Diamond's queen could come true!"

*(Emerald gasps while we see that the Wise Man had known Emerald's true intentions from the beginning.)*

**Emerald** "Queen Emerald? It's what I've always wanted!"

*(The crystal ball flashes, and a black tiara emerges, floating toward Emerald.)*

**Emerald** "There must be a catch, but I don't care. If I can win Prince Diamond's heart and be queen...I'll take the chance."

*(She takes the tiara. Upon her touch, the tiara's energy surges through her. Emerald screams with pain. Soon, though, the pain stops. Emerald is now dressed regally, just like the image in the crystal ball.)*

**Emerald** "Ha ha ha! What an unbelievable power that courses through my veins! Queen Emerald and Prince Diamond. I like it. Ha ha ha!"

*(The Wise Man warns...)*

**Wise Man** "Everything has its price."

**Emerald** "What?"

*(Suddenly, the Dark Power begins to turn on her.)*

**Emerald** "Oh no!"

**Wise Man** "You deluded yourself, Emerald. Your ambition has sent you to your doom! You actually believed you could handle the power of the Dark Crystal?! Meet your fate!"

**Emerald** "Wise Man, how could you?!"

*(Emerald's consciousness begins to fade. She falls to the floor.)*

**Emerald** "Oh, my sweet, handsome prince, we would have been so good together, ruling the future..."

*(She loses consciousness as the Dark Power totally engulfs her.)*

**Wise Man** "Foolish woman."

*(The Dark Power has its way with Emerald, changing her...)*

-----

*(Outside, a wall cracks open. What was once Emerald is now a large and deadly dragon! It spreads its wings and takes off for the Crystal Palace.)*

-----

*(The dragon flies over Crystal Palace, its wake creating a tremor. The Sailor Scouts and Tuxedo Mask hurry towards the control center.)*

**Sailor Moon** "Help!"

**Sailor Venus** "What's going on?"

*(The King of the Earth is already investigating.)*

**Sailor Moon** "AIEE!"

**Sailor Jupiter** "Oh no!"

**Sailor Venus** "What a monster!"

**Sailor Mars** "Are we gonna have to fight that thing?"

**King of the Earth** "I'll try to get a closer look."

*(The king analyzes the dragon. Everyone gasps at the display. Sailor Mercury is impressed by the sophistication.)*

**Sailor Mercury** "This thirtieth-century technology is amazing!"

**King of the Earth** "Watch this."

*(Next is a close-up of the dragon's head, focusing on the tiara. Yes, the tiara's still there.)*

**King of the Earth** "Looks can be deceiving. This creature isn't what it seems. The external being's merely a facade. Once we look deeper inside the shell, we can see what we're really up against, and in this case...it seems to be the energy of a human-like mind."

**Sailor Mars** "Human-like mind?"

**Sailor Moon** "I wonder who has such a hideous mind to create such a horrible monster like that!"

*(The palace shakes. The dragon is beginning a direct assault.)*

**Luna** "The monster's breaking down the castle walls!"

**Sailor Jupiter** "Not if we leave the palace and draw the monster away from here! Come on, let's go!"

*(Sailor Moon, as usual, begs to differ.)*

**Sailor Moon** "Must we?"

**Sailor Jupiter** "Hey, why did we come to the future anyway?! To sit around and sip tea?! We're not gonna be scared off by one little dragon! We're the Sailor Scouts!"

*(The Sailor Scouts nod in unison and take off.)*

**Sailor Scouts** "Right!"

**Tuxedo Mask** "We'll have to leave Rini here. Will you look after her for me?"

*(The king nods. Tuxedo Mask hurries after the Sailor Scouts.)*

**King of the Earth** "Best of luck to all of you."

---

*(Outside, the dragon is continuing its assault with claws and fire. Inside, the Sailor Scouts of the future remain linked and motionless, striving to maintain the integrity of the force field, even though their very lives are being drained in the process. As for the present-day Scouts...)*

**Sailor Moon** "AIEE! That tea sounds pretty good to me right now!"

**Sailor Mercury** "Don't show your fear, Sailor Moon!"

*(The dragon then flies past them, blowing all of them off their feet by the wake.)*

**Sailor Mars** "How are we gonna put this ugly lug on ice?!"

*(Here it comes again! Sailor Venus stands.)*

**Sailor Venus** "Just like we always do! **VENUS LOVE CHAIN ENCIRCLE!**"

*(The Love Chain slices at the dragon's body. The dragon screams in pain, and Sailor Venus is knocked off her feet.)*

**Sailor Scouts** "Sailor Venus!"

---

*(At the control center...)*

**Artemis** "Did she get it?"

*(But the wound quickly heals.)*

**Artemis** "Guess not."

**Luna** "Hey, just a minute, Artemis. Looks like she wounded it."

**Luna & Artemis** "Keep going, guys!"

*(Meanwhile, the King of the Earth sees to her ensorcelled wife.)*

**King of the Earth** "Please, my queen, if you can hear me, give the Sailor Soldiers more power."

*(Just then, the Luna Ball rolls into the room. The king turns around.)*

**King of the Earth** "Huh? Is that you, Rini?"

---

*(Back at the battle...)*

**Sailor Moon** "Ew..."

**Sailor Jupiter** "Here it comes!"

*(The dragon attacks with her tail, and the others quickly get out of the way.)*

**Sailor Jupiter** "You okay, Sailor Moon?"

*(Sailor Moon seems fine.)*

**Sailor Jupiter** "My turn! **JUPITER THUNDERCLAP ZAP!**"

*(The electrical attack further shocks the dragon and causes her to crash into the ground.)*

**Sailor Jupiter** "Did I get him?"

**Sailor Moon** "Woah! All right! I knew you could do it, Jupiter!"

*(She hurries over to where it landed.)*

**Sailor Moon** "Nyah nyah nyah-nyah nyah!"

**Tuxedo Mask** "Watch it, Sailor Moon! Don't get too close!"

**Sailor Moon** "Oh, relax already."

*(Don't look now, but that dragon is staring right at you! She jumps back and avoids a bite, but here it comes again! Fortunately, Tuxedo Mask gets her out of there before the teeth can catch her.)*

**Sailor Moon** "Guess you were right, Tuxedo Mask."

**Sailor Mars** "Let's do it!"

**Sailor Mercury** "Yeah!"

*(As the dragon roars...)*

**Sailor Mars** "**MARS CELESTIAL FIRE SURROUND!**"

**Sailor Mercury** "**SHINE AQUA ILLUSION!**"

*(The Celestial Fire and Shine Aqua Illusion both do some damage, but the dragon is still there. Now, it breathes fire and forces everyone to dive for cover.)*

**Sailor Mars** "I don't think we can finish it off!"

**Sailor Mercury** "But there has to be a way! There has to be!"

----- **Commercial Break** -----

**Sailor Mars** "I don't think we can finish it off!"

**Sailor Mercury** "But there has to be a way! There has to be!"

**Tuxedo Mask** "Don't give up! Remember what the King said! We must look past the surface and see the creature inside. We can do it!"

**Sailor Mercury** "Right! That's who we have to defeat!"

**Sailor Jupiter** "Inside, the dragon has a..."

**Sailor Moon** "...human-like mind."

*(The dragon shoots another fireball.)*

**Tuxedo Mask** "Look out!"

*(He pushes Sailor Moon out of the way.)*

**Tuxedo Mask** "It's your turn, Sailor Moon!"

**Sailor Moon** "Right."

*(Tuxedo Mask then jumps straight at the dragon, sailing over its flame and letting one of his roses fly. It hits its mark: the tiara! The dragon begins to scream as it's blinded by the pain.)*

**Tuxedo Mask** "Go for it, Sailor Moon! Do your stuff!"

**Sailor Moon** "Okay, all right. it's up to you...Moon Scepter."

*(She gathers the power...)*

**Sailor Moon** "**MOON SCEPTER ACTIVATION!**"

*(...and lets her shot fly. With the tiara, the source of the energy, weakened by the rose, the power of the Moon Scepter finally moondusts the dragon. As the dust collapses to the ground, Sailor Moon discovers that the King had been right. There had been a human-like mind within that shell...and she gasps as she recognizes her!)*

**Sailor Moon** "Emerald!"

*(Then she too fades away: condemned by the Dark Power and the Moon Scepter to eternal darkness. In Prince Diamond's palace, a name reaches his ears.)*

**Emerald** "Diamond..."

*(Prince Diamond wonders...)*

**Prince Diamond** "Emerald?"

-----  
*(Back at the control center...)*

**Artemis** "They did it! They did it, Luna!"

*(The king approaches.)*

**Luna** "Your Majesty."

**King of the Earth** "Rini's missing. I looked all over, but I couldn't find her anywhere in the palace."

*(Luna and Artemis gasp. If she isn't in the safety of the palace, then...)*  
-----

*(Where IS she?)*

**Wise Man**

“Emerald, good riddance. That awful laugh of hers gave me a migraine, and soon enough, her ambitious self-centered friends Sapphire and Diamond will be joining her! I no longer need the Negamoon Family. The last puzzle piece has been found, and now nothing...nothing can stop me! HA HA HA!”

*(Intermingled with his evil laugh...is another laugh...a familiar one. What has the Wise Man done with Rini?! And what is this about he final puzzle piece?! Well, find out next time. Your answers will come as we witness...the **Birth of Wicked Lady.**)*
