

## TRANSCRIPT FOR

### Sailor Moon - Episode 79: "Brotherly Love"

*(Overnight, the little shard Prince Diamond planted into the ground has grown into a massive crystalline structure.)*

**News Reporter** "An ominous-looking unidentified object appeared suddenly in the heart of Tokyo last night, stopping traffic for miles around and putting the city in a state of frenzy."

*(The giant crystal emits pulses of negative energy, which shroud everything around the Crystal in darkness.)*

**News Reporter** "While government experts are currently trying to determine the object's origin and purpose, our city officials are encouraging citizens to exercise extreme caution and stay indoors until otherwise notified."

*(Serena, the girls, and the cats watch this report from the TV at Serena's house with more than a little concern.)*

**Luna** "I don't have a good feeling about this."

**Lita** "You got a plan yet, Amy?"

**Amy** "Not yet. First, I need to determine just how powerful that Dark Crystal really is, and then, the harder part, how to safely disarm the thing."

*(Serena is silent. After the episode last night with Wicked Lady, she has been focusing on finding a way for Rini to see the truth and break free of the Wise Man's control. She's so shocked over the whole business that she's fighting back tears. Serena's mother brings tea for everyone.)*

**Mrs. Tsukino** "I hope this invasion business will get settled soon. Just you wait. They'll figure out it's some kind of hoax or something."

*(Serena notices something wrong.)*

**Serena** "Mon, why do you...?"

**Mrs. Tsukino** "Huh? Oh, you mean this teacup? Let's see. One, two..."

*(She gasps. She has SIX cups of tea.)*

**Mrs. Tsukino** "Oh dear. I wonder why...I brought an extra one."

*(Wait a sec.)*

**Mrs. Tsukino** "Hmm, that's strange, and yet, I feel as though I just had to bring this cup out for tea."

*(The girls remember: Rini loved tea and cake. They can picture it in their minds.)*

**Rini** "This is great!"

*(Rini has been with them for so long that it's hard for them to get used to the fact she's not with them anymore...especially since they know what's happened to her.)*

**Mrs. Tsukino** "How weird. Oh well. I'll take it back."

*(And she walks away.)*

**Luna** "Once Luna-P left, any recollection of Rini was supposed to be erased from your mom's memories."

**Lita** "I wonder if a small part of her still remains in her memories."

**Serena** "You know, until recently, I never thought I'd miss her."

**Luna** "Huh?"

**Serena** "The house seems so empty...without Rini tearing all over the place."

*(Raye comforts her.)*

**Raye** "You'll see. We'll get her back. Got to."

**Serena** "Hope so."

**Raye** "Come on, Serena. You've got to stay positive, for Rini's sake. You know it's the only way we're ever gonna get her back again."

**Serena** "You're right. Thanks, Raye."

---

*(Elsewhere...)*

**Wise Man** "Nothingness...silence...the void...that's what the Doom Phantom thrives on. He is the ultimate arbiter of life and death in the universe. He is the one to whom I pledge my whole-hearted allegiance, not that pathetic Prince Diamond with all his illusions of power and conquest."

*(It seems the Wise Man's true intentions are not what they seem. Furthermore...someone else has figured that out, for he is in hiding within the same chamber. His dark suit and white pants can leave little doubt as to his identity, though we cannot see his face...for he alone has questioned the Wise Man's words.)*

**Wise Man** "What a ridiculous fellow. Bring on the darkness, the silence, the chaos my master has commanded. No more petty human squabbings! All will be silenced in the name of the Doom Phantom!"

*(Yes...it's Prince Diamond's concerned brother: Sapphire.)*

**Sapphire** "Hmm..."

*(The Wise Man stops.)*

**Wise Man** "Who's there?"

*(Sapphire quietly steps away. The Wise Man turns. Though he sees no one, he can sense who had been spying on him.)*

---

*(Sapphire's suspicions have been confirmed. He walks resolutely to the Dark Crystal reactor.)*

**Sapphire** "I knew it! That conniving old man has been using Diamond all along!"

*(He opens the doors to the reactor. He is startled by what he sees at the Energy Absorption Indicator.)*

**Sapphire** "Huh? I've never seen the Energy Indicator at this level! It's gotta be Wise Man! I've gotta stop him!"

*(He walks up and accesses a panel, which rises from the floor. The panel opens and reveals the control chip to the energy reactor: a translucent, radiant black card. He takes the chip. The Energy Absorption Indicator soon blacks out as all energy absorption ceases.)*

**Sapphire** "That'll do it. As long as I have this control chip, there's no way Wise Man can destroy the Dark Crystal."

**Wise Man** "Sapphire..."

*(Sapphire gasps and turns around. The Wise Man's onto him!)*

**Sapphire** "Wise Man!"

**Wise Man** "I'm warning you. Put that control chip back now!"

**Sapphire** "I don't take orders from you, Wise Man. Perhaps you've forgotten, old man, Diamond's running the show, not you."

**Wise Man** "You're very mistaken. My master, the Doom Phantom is running the show: the big show, universe and all! Too bad you won't have a chance to meet him!"

**Sapphire** "This Doom Phantom creature...I'm sure my brother would enjoy meeting him!"

**Wise Man** "The Doom Phantom is the ultimate power in the universe, and he has opted to return it to a complete state of nothingness! He administers cleansings of all life matter at his own discretion!"

**Sapphire** "Huh? These cleansings..."

**Wise Man** "They're extremely effective, Sapphire. Let me demonstrate for you."

*(The Wise Man suddenly launches an intense burst of negative energy. Sapphire throws up a force field to deflect the attack.)*

**Sapphire** "Wise Man, stop!"

**Wise Man** "Pity you can't warn your brother, but he'll get his turn, too!"

*(Sapphire uses his chance to teleport out.)*

**Wise Man** "Hmm, he escaped me. He's stronger than he looks. I'll find him soon enough. I know exactly where he's heading!"

-----  
*(Where else? To Prince Diamond. He sits on a throne with Wicked Lady at his side, watching the progress of the new Dark Crystal.)*

**Wicked Lady** "Ha ha ha. Dark Crystal is nearing maximum capacity."

**Prince Diamond** "Yes. When it gets there, we will have enough energy to destroy this world and those irritating Sailor Scouts with it."

**Wicked Lady** "With this world trashed...the future world will be ours. Hm hm hm."

*(Incidentally, Prince Diamond and Wicked Lady are themselves in twentieth-century Tokyo, watching from a nearby spaceship.)*

---

*(The city's in a panic. Everyone is trying to evacuate, and the resulting traffic jam has the police in a tizzy.)*

**Policeman** "Stay calm! We'll get you outta here!"

*(Four women watch with concern...since they can sense what is truly happening.)*

**Catsy** "This looks bad."

*(They're none other than the Four Sisters, formerly of the Negamoon.)*

**Bertie** "It's from the Negamoon! I know it!"

**Avarie** "You think they've finally come from the future to take us back?"

*(Prisma looks at the Dark Crystal before answering.)*

**Prisma** "Don't know."

*(Then she notices something: a familiar-looking man stumbling into an alley.)*

**Prisma** "Sapphire?"

**Avarie** "Are you kidding?"

---

*(Sapphire stumbles into a park and leans himself against a tree. The Wise Man's attack had taken a lot out of him, and his search for Prince Diamond has left him exhausted.)*

**Sapphire** "Diamond...Diamond, Wise Man is using you..."

*(Then, out of strength, he collapses. Down in the grass, the green grass brings back memories of long ago.)*

**Sapphire** "Sweet...smell of...green grass."

---

*(He remembers the days when Sapphire and his brother Diamond were still just growing into young men on the dark moon Nemesis.)*

**Young Sapphire** "Diamond, look at this! A flower!"

**Young Diamond** "Yes. Beautiful."

**Young Sapphire** "We never see flowers."

*(Diamond suddenly stands.)*

**Young Diamond** "No, we don't."

**Young Sapphire** "Huh?"

**Young Diamond** "This is the only kind of flower left on Nemesis. There aren't many left. If we hadn't been banished from Earth, we'd see all kinds of flowers all the time. One day, I'll invade Earth and get us back there."

**Young Sapphire**        “Yes! You can do it, Diamond! I know you can...and you will!”

*(Back then, it had been so innocent to Sapphire. He had admired his older brother, the young Prince of the Family. All he had ever wanted was to be a part of Earth again, but now...his dream takes on a nightmarish twist.)*

**Wise Man**                “Time for your lessons, Prince.”

**Young Sapphire**        “Why now, Wise Man, huh?!”

*(He sees himself and his brother now all grown up...and their quest twisted to the monstrous ends of the Wise Man.)*

**Sapphire**                “Diamond, don't listen to him! He'll destroy you! Please! Diamond! DIAMOND!”

-----  
*(He sits up in bed. Wait a minute...in bed? Yes, someone found him and saw to his care. His many wounds are bandaged. Sapphire collapses back on the bed when he realizes he had been dreaming. He looks around.)*

**Sapphire**                “Where am I?”

*(A door opens.)*

**Prisma**                    “Hey there.”

*(Sapphire looks. It's Prisma.)*

**Prisma**                    “You're awake, Sapphire. Here's some food.”

**Sapphire**                “Prisma...is that you?”

**Prisma**                    “Yes.”

*(Sapphire is surprised to see her.)*

**Sapphire**                “Where am I?”

**Prisma**                    “My room.”

**Sapphire**                “So this is...where you and yours sisters have been...living ever since you betrayed us, Prisma.”

*(She won't deny it.)*

**Prisma**                    “I'm ready to accept the penalty...but...just take me. I beg you to forgive my sisters. Please, it was all my idea.”

*(But Sapphire isn't here to pass judgment on them.)*

**Sapphire**                “Ha ha ha. You don't have to worry. Believe me, Prisma, I'm not here as an executioner.”

*(Prisma is relieved. Meanwhile, Catsby and Bertie peek in from the doorway.)*

**Catsy**                    “Huh?”

**Bertie**                    “Huh?”

*(They close the door. They're trying to figure out why Prisma took Sapphire in.)*

**Catsy** "She's so nice to him. So when did she stop despising men?"

**Bertie** "What if he's...come to terminate us? I mean, shouldn't we be fleeing for our lives or something?"

**Avarie** "I don't think that's the reason he's here."

*(The other two turn.)*

**Catsy & Bertie** "What?"

**Avarie** "I think...we should leave them alone for a while."

**Bertie** "What are you talking about?"

**Avarie** "Prisma and Sapphire...used to be an item."

*(What? The man hater in love with Diamond's brother?!)*

-----

*(Meanwhile...)*

**Prince Diamond** "WHAT?!"

*(Prince Diamond receives some shocking news from the Wise Man.)*

**Wise Man** "I don't know why Sapphire betrayed you, but he stole the control chip from the Dark Crystal's energy reactor. I have no explanation but sabotage. We must get that control chip back, and he must be punished for his treason!"

**Prince Diamond** "But why? Sapphire would never betray me! I just can't believe it!"

**Wise Man** "Does this mean you want to abandon your plan to re-conquer Earth?!"

**Prince Diamond** "Wha..."

*(Wicked Lady turns to Diamond.)*

**Wicked Lady** "Let me go. I'll be glad to handle this ugly little business for you, your Highness."

*(And she takes off. The Wise Man disappears as well.)*

**Prince Diamond** "I can't believe my brother would betray me."

----- **Commercial Break** -----

*(Sapphire's coat hangs on the wall in the room. Prisma hands another plate of soup to Sapphire.)*

**Prisma** "Hope you like it."

**Sapphire** "Thank you."

*(He has a question.)*

**Sapphire** "You're...different. How can I say this? Being with you right now makes me feel so calm."

*(She blushes.)*

**Prisma** "I...uh, we've learned a lot about human kindness and caring and trusting from Sailor Moon and the Sailor Scouts."

**Sapphire** "Sailor Moon..."

*(She nods.)*

**Prisma** "I guess if you were to compare our life on Nemesis with life here, you would find it very inconvenient here, but it's filled with warmth and kindness, and we're all happier living here. I get this wonderful, peaceful feeling inside knowing that we all can live by trusting and caring for each other."

**Sapphire** "Hmm..."

*(Sapphire had never known about the real humanity. Prisma's words sink in and make him realize that Earthlings are hardly the cruel people he had originally thought them to be. He recalls the attack on Crystal Tokyo. That motive of revenge...)*

**Sapphire** "I wonder if we're doing the right thing. We've always wanted revenge on Earth for banishing us to Nemesis, but our tactics were too drastic..."

*(...just doesn't seem to fit anymore.)*

**Sapphire** "...and now, when I think what Wise Man wants to do..."

*(The mission has taken on a new purpose...one that is not their own.)*

**Prisma** "You okay?"

*(Sapphire realizes that he has to hurry!)*

**Sapphire** "I must see Diamond...now!"

*(He tries to get up.)*

**Prisma** "But you're not well enough!"

**Sapphire** "Prisma...take my jacket."

**Prisma** "You need to rest. You can't possibly go anywhere now, Sapphire."

*(Sapphire continues to get up.)*

**Sapphire** "I can't waste time."

**Prisma** "No, you can't go!"

**Sapphire** "I've gotta let him know what Wise Man is really up to right away!"

*(Prisma pleads with him, embracing him tightly and crying.)*

**Prisma** "But Sapphire..."

**Sapphire** "Prisma..."

**Prisma** "Oh Sapphire, I just don't wanna lose you again. If you go to Prince Diamond, you'll be in terrible danger and you might...you might...you might lose your life!"

**Sapphire** "Prisma..."

**Prisma** *(Crying)*  
"Oh, Sapphire..."

**Sapphire** "Oh Prisma, there's just no other way. Just think about it. If you were in my position, and your sisters were in great danger, wouldn't you try to help them?"

*(She would. She's done it once before: when Rubeus tried to trap everyone in time. It was in that epiphany when she realized that her old way was wrong. She, too had almost given up her life if her sisters and the Sailor Scouts hadn't intervened.)*

**Sapphire** "You know that Prince Diamond is my only brother, and I have to protect him. Please, don't worry about me, Prisma. I'll make him listen to me."

*(Prisma realizes that if she truly loves him, she has to let him go...to let him do what she has done. Sapphire smiles fondly at her.)*

-----  
*(Later, Prisma recalls Sapphire's parting words as she looks out from the apartment balcony.)*

**Sapphire** "As soon as I talk to him, I'll come right back to you."

**Prisma** "Sapphire..."

**Sapphire** "Keep my jacket 'til I return."

*(And that was when he walked away. Prisma clutches Sapphire's jacket tightly in fondest hope. Inside...)*

**Catsy** "Why is she letting him go back to Diamond all by himself?"

*(Catsy and Bertie turn to Avarie.)*

**Catsy** "He's not fit to do that!"

**Bertie** "I think we should go after him and try to help!"

**Avarie** "How can we possibly help him? We're not what we used to be. We'd only get in his way."

*(Catsy looks back to Prisma.)*

**Avarie** "The only thing we can do is wait for him."

**Catsy** "Oh..."

*(Catsy knows another way. Maybe THEY can't help...but she knows someone who CAN.)*

-----  
*(Moments later, Serena's telephone rings. She picks it up.)*

**Serena** "Uh, hello? Hi, Catsy."

**Catsy** "Serena, we need your help."  
-----

*(Meanwhile, Sapphire continues his struggle toward his brother. However, someone else is there to meet him as he stumbles out of an alley and looks up at the Dark Crystal.)*

**Wicked Lady** "Ha ha ha!"

**Sapphire** "Huh?"

*(Wicked Lady appears in the air above.)*

**Wicked Lady** "Well well, I guess I should say thank you for saving me the trouble of looking for you."

**Sapphire** "Get out of my way, Wicked Lady! I've got something important to tell Diamond!"

**Wicked Lady** "Have you really? I don't think he really wants to hear from you."

*(Wicked Lady raises the Luna Ball and prepares to throw it...)*

**Sailor Moon** "Stop right there!"

*(Sapphire turns.)*

**Sapphire** "Sailor Moon!"

**Wicked Lady** "Hah! Sailor Moon!"

**Sailor Moon** "Listen to me, Rini! You mustn't hurt Sapphire! I won't let you!"

**Sapphire** "Huh?"

**Sailor Moon** "Don't you know you've been brainwashed? Rini, listen to me. Come back!"

**Wicked Lady** "Wrong again, you big meatball head! Now back off while I dispense with this cowardly traitor!"

**Sailor Moon** "Please, Rini..this isn't the real you!"

*(Wicked Lady bounces the Luna Ball off the street.)*

**Wicked Lady** "Yeah right! **LUNA SPHERE KITTY MAGIC!**"

*(The Luna Ball turns into a large magnifier. She takes it and positions it between the Dark Crystal and the Sailor Scouts. The radiant energy from the Dark Crystal focuses into a deadly dark beam.)*

**Sailor Moon** "No, Rini!"

*(Everyone gets out of the way. Sailor Venus tries to counter...)*

**Sailor Venus** "**VENUS CRESCENT BEAM SMASH!**"

*(...but Wicked Lady uses the magnifier to shoot another Dark Beam to stop Venus's attack.)*

----- **Commercial Break** -----

**Sailor Moon** "No, Rini!"

*(Everyone gets out of the way. Sailor Venus tries to counter...)*

**Sailor Venus** "**VENUS CRESCENT BEAM SMASH!**"

*(...but Wicked Lady uses the magnifier to shoot another Dark Beam to stop Venus's attack.)*

**Sailor Mercury**        **"MERCURY BUBBLES BLAST!"**

*(Sailor Mercury covers the area in fog, hiding everyone.)*

**Sapphire**                "But...why are you doing this?"

**Sailor Mars**            "Sapphire, if you've gotta go see Diamond, then now's the time to go!"

**Sapphire**                "I...don't understand why you'd help me."

**Sailor Jupiter**         "Well, Sapphire, we're not exactly sure ourselves, but Catsy and her sisters asked us if we would."

**Sapphire**                "You're crazed! You could be walking into a trap!"

**Sailor Mars**            "Yeah, that's always possible, but since Catsy and her sisters are friends of ours, I really don't think that's likely."

**Sailor Jupiter**         "Guess a guy like you wouldn't know about trust and friendship. You should try it some time. You might like it."

*(Sapphire finds himself reassessing the people of Earth again. Meanwhile...)*

**Wicked Lady**            "Enough with the chitchat. I'm feeling neglected."

*(She turns the magnifier into a fan. She reels back and blows all the fog away!)*

**Sailor Moon**            "No, Rini! You're fighting for the bad guys!"

*(Sailor Moon raises her Moon Crystal Locket, trying once more to reach the real Rini.)*

**Sailor Moon**            **"MOON CRYSTAL POWER!"**

*(This time, though, Wicked Lady doesn't react at all!)*

**Wicked Lady**            "That tired old trick is too stale!"

*(Now she turns the fan into a large umbrella to shield herself from the effects. Then the umbrella becomes a badminton racket...complete with shuttlecock.)*

**Wicked Lady**            "My serve!"

*(She sends the shuttlecock screaming at the Sailor Scouts.)*

**Sailor Venus**            **"VENUS LOVE CHAIN...!"**

*(However, it stops midway, confusing Sailor Venus...)*

**Sailor Venus**            "Huh?"

*(...until it generates a force field dome! Inside, Sailors Moon, Mercury, and Venus reel in pain from dark power within.)*

**Mars & Jupiter**         "NO!"

**Sapphire**                "You should go now and help your friends. You've done more than enough for me."

**Jupiter & Mars** "Huh?"

**Sailor Mars** "But..."

*(Inside the dome...)*

**Sailor Moon** "Ooh, that hurts!"

**Sapphire** "Please don't worry. I'll be all right. I'll go talk to Diamond now. Diamond!"

*(Indeed, there he is now.)*

**Sapphire** "Now, go help them."

*(Sailor Jupiter nods. Meanwhile, Prince Diamond accosts his brother.)*

**Prince Diamond** "Sapphire..."

*(Sapphire steps forward.)*

**Prince Diamond** "Sapphire...Sapphire, why did you betray me?!"

**Sapphire** "How could I betray my own brother?! Diamond...we've been manipulated by Wise Man all along!"

*(Wicked Lady serves another force field dome for Mars and Jupiter. Meanwhile...)*

**Prince Diamond** "Are you out of your mind, Sapphire?! I'd never let anyone derail my plans for Earth, not even you!"

*(The Sailor Scouts are struggling.)*

**Sapphire** "Diamond...it's not your plan anymore, is it, brother?! Think back to our original objectives! They weren't anything like this! You're Wise Man's puppet now! You're being used!"

*(The Wicked Lady flashes a wicked grin.)*

**Sapphire** "Diamond!"

*(Prince Diamond is beginning to think that his brother has a point. However, Wicked Lady now turns her attention to Sapphire.)*

**Wicked Lady** "Can the histrionics, drama queen!"

*(She holds up another shuttlecock...)*

**Wicked Lady** "You're history!"

*(...but a rose knocks it away! Two more roses knock away the shuttlecocks already there, canceling the force fields.)*

**Wicked Lady** "Not you again!"

*(Tuxedo Mask stands nearby.)*

**Tuxedo Mask** "Stop where you are, Rini."

*(He turns to Diamond.)*

**Tuxedo Mask** "And Diamond, you must listen to Sapphire. Hear what he has to say about what's happening in the future. Listen carefully."

*(Diamond decides to hear him out.)*

**Prince Diamond** "Hmm, so tell me...what IS happening in the future?"

**Sapphire** "It's Wise Man!"

*(Then...)*

**Sapphire** "Huh?!"

*(Suddenly, a blazing energy blast surges past Diamond and bathes over Sapphire, causing him to scream in pain. Sapphire collapses to his knees.)*

**Tuxedo Mask** "Sapphire!"

**Prince Diamond** "Sa...Sapphire!"

*(He turns around. Sure enough, the Wise Man is behind him.)*

**Prince Diamond** "WISE MAN!"

**Wise Man** "Sapphire has betrayed you. He's a liar and a traitor, and you know what we do to traitors: even if he is your brother."

**Sapphire** "D...Diamond...Wise Man's the traitor! Ask him about the...Doom Phantom!"

*(The Wise Man prepares to silence Sapphire permanently.)*

**Wise Man** "SILENCE, TRAITOR!"

*(Prince Diamond turns...)*

**Prince Diamond** "STOP IT, WISE MAN!"

*(But Wise Man ignores him, releasing his cleansing energy once more, straight at the helpless Sapphire. Everyone stares in shock as Sapphire screams.)*

**Sapphire** "NOOOO!"

**Prince Diamond** "SAPPHIRE!"

*(Then he just lies there, motionless. The control chip he had stolen rises into the air. The Wise Man takes it.)*

**Wise Man** "Ah, good. The stolen control chip. We'll get the energy reactor operational again and continue with our plans for Earth."

*(Diamond stands there, shocked.)*

**Wise Man** "Forget about this cowardly traitor. He got what he deserved. Diamond...Wicked Lady...we have much to do. Come!"

*(Prince Diamond turns to the Wise Man. Wise Man disappears.)*

**Wicked Lady** "Hmph, you're the Wise Man."

*(She disappears also, leaving Prince Diamond alone. He turns back. Tuxedo Mask is looking over his fallen brother. Sailor Moon joins him.)*

**Sailor Moon**            "Sapphire."

**Tuxedo Mask**            "I'm sorry. I just couldn't protect him."

*(At that same instant, Prisma senses the worst. Also, Sapphire's jacket, which she had hung back up, suddenly falls to the floor.)*

**Sapphire**                "Oh Prisma, I'm sorry..."

*(His eyes close.)*

**Sailor Moon**            "Sapphire! You can't leave Prisma! Come on! Hang on, Sapphire! No!"

*(She calls out...)*

**Sailor Moon**            "Diamond!"

*(Tuxedo Mask looks. Prince Diamond is approaching them. Sailor Moon gasps.)*

**Sailor Moon**            "Diamond!"

*(It is a moment of truce as Prince Diamond comes to claim the body of his brother. Even he has to fight back tears.)*

**Prince Diamond**        "Wise Man..."

*(He turns and disappears with his brother. Sailor Moon gasps again.)*

**Sailor Moon**            "Oh..."

---

*(That night, Prisma comes to terms with the fact that Sapphire is never coming back.)*

**Prisma**                    "Sapphire...wherever you are, you'll live in my heart forever. I'll always remember that smile of yours. Too bad it was your last."
